

SELECTIVE DRAFT PASSES

MAJORITIES IN BOTH HOUSES OVERWHELMING

MANY VOLUNTEER ADVOCATES VOTE FOR CONSCRIPTION BILL

Senate Provides Draft of Men Between Ages of 21 and 27 Years While House Fixes Age Limits at 21 to 40—Conference Will Thresh Out This and Lesser Discrepancies. War Department Completes Plans for Carrying Bill Into Effect.

WASHINGTON, April 28.—By overwhelming majorities both the senate and house passed late tonight the administration bill to raise a war army by selective draft.

Bring Many Into Line.

The final roll calls brought into line behind the bill many senators and representatives who had fought for the volunteer system until routed by decisive defeat of volunteer amendments earlier in the day in both houses. The senate which had voted down the volunteer plan 69 to 18, passed the bill by a vote of 81 to 8. In the house the vote against the volunteer plan was 313 to 109 and that by which the bill itself was passed was 397 to 24.

As passed by the senate the measure provides for the draft of men between the ages of 21 and 27 years, while in the house measure the age limits are fixed at 21 and 40. This and lesser discrepancies will be threshed out in conference early next week so that the bill may be in the hands of the president as quickly as possible. The war department already has completed plans for carrying it into effect.

Men Who Voted Against Bill.

Senators who voted against the bill were:
Democrats—Gore, Hardwick, Kirby, Thomas and Trammell—5.
Republicans—Borah, Gronna and LaFollette—3.
Senator Vardaman, of Mississippi, Democrat, was excused from voting at his own request. He did not give a reason.

The twenty-four representatives who voted in the negative were:

Democrats—Burnett, Church, Clark, of Florida; Claypool, Dominick, Gordon, Hilliard, Huddleston, Keating, Sears, Sherwood, Sisson—14.
Republicans—Bacon, Hayes, King, LaFollette, Lundeen of Minnesota; Mason, Powers—8.
Prohibitionist—Randall—1.
Socialist—London—1.
Total—24.

Would Increase Men's Pay.

Both senate and house adopted amendments just before the final roll calls which would greatly increase the pay of enlisted men during the war. The house provision which was suggested by Representative Good of Iowa would make their pay \$30 a month and that approved by the Senate would fix it at \$29 a month. The present pay is only \$15.

In the house at the last moment, Chairman Fitzgerald of the appropriations committee objected vigorously to the appropriation of \$3,000,000,000 carried in the bill for the expenses of the new army, and the section finally was eliminated. Mr. Fitzgerald declared that to place this sum in the hands of the secretary of war would make of congress a "mere automaton," and promised that if the section were voted down the committee would provide funds promptly in a separate measure. Among the amendments adopted in the senate was one which would permit Colonel Roosevelt to recruit a volunteer force for service in France. A similar proposal had been rejected by the house.

Sneaker Clark, Democratic Leader Kitchen and Chairman Dent of the military committee who had favored the volunteer system, all voted for the draft bill on the final roll call. Republican Leader Mann also was recorded in the affirmative, as was Miss Rankin, who previously had voted with the volunteer advocates.

Some Important Amendments.
Among the more important amendments adopted in the house was one empowering the president to exempt from the draft in his discretion persons engaged in agricultural work. Another would require each state to furnish a quota of men apportioned according to population and still another provides that "no bounty shall be paid to induce any person to enlist" and that "no person liable to military service shall hereafter be permitted or allowed to furnish a substitute for such service."

In the senate there was a long debate over proposals to prohibit the sale or possession of intoxicating liquors during the war. Several amendments were adopted including one to make it unlawful to sell or give liquor to officers or men in uniform or to members of congress or other officials and then the senate reversed itself and adopted a substitute simply forbidding the sale of liquor to soldiers in uniform and giving the president wide discretionary authority to make all other prohibition regulations.

In the house a similar amendment was rejected on a point of order. An amendment by Senator Curtis stipulating that men subject to draft who voluntarily present themselves shall be recorded as volunteers was accepted by Chairman Chamberlain and went into the bill.

Defeat Two Amendments.

Another long debate was evoked over amendments by Senators Thomas and LaFollette to exempt from conscription those having conscientious objections to military service. Both were defeated without a roll call, and the bill's exemption proposals left unchanged.

Many of the more radical amendments adopted are expected to be thrown out in conference and administration leaders hope to restore virtually all of the important features of the bill to their original form before it goes to the president. The question of ages probably will from the biggest barrier to a quick conference agreement. The debate on conscription brought some dramatic passages in both house and senate. In the senate the issue was fought out on Senator McKellar's

ABANDON HOPE OF SAVING ENTOMBED MEN

Will Continue Work of Rescue in Hastings Mine

State Coal Mine Inspector Believes There is No One Left Alive in the Mine—Crowd Surrounds Air Shaft Waiting for News From Underground

Hastings, Colo., April 28.—Virtually all hope of saving any of the 129 men entombed in the Hastings mine of the Victor-American Fuel company here yesterday morning by an explosion was abandoned tonight. James Dalrymple, state coal mine inspector, who came from the mine late today, said he believed there was no one left alive in the mine. Rescue men who have been in the mine expressed themselves similarly.

G. F. Bartlett, president of the company, declared the work of rescue will be continued until there is no further hope that any of the entombed men is alive. Tonight fifteen bodies had been taken from the mine. Mr. Dalrymple said he believed there was no fire in the mine. He said it was impossible to determine the cause of the disaster until the rescuers had reached the initial point of the explosion.

A crowd surrounds the air shaft waiting for news from the underground. Several women braved the snow storm this evening waiting to learn the fate of fathers and sons who were in the shaft.

No Suspicion of Foul Play.
Denver, Colo., April 28.—"There is no suspicion of foul play in the connection with the mine disaster at Hastings," said Governor Julius C. Guntz this afternoon after receiving official reports from Attorney General Hubbard and Mine Inspector Dalrymple who are at Hastings.

amendment which would authorize a call for 500,000 volunteers and not put conscription into effect unless the half million men did not respond within ninety days.

Approve Stone Amendment.
Before the final vote the senate approved an amendment by Senator Stone which would definitely confine the operation of the draft to the period of the existing emergency, and another by Senator New providing that notwithstanding the exemptions in the bill each state must furnish its quota in proportion to population.

Chairman Chamberlain accepted another amendment authorizing the president to raise by voluntary enlistment or draft such "special and technical troops" as he deems necessary. The senate also accepted 53 to 25, an amendment by Senator Fall of New Mexico authorizing the president to call into service three or more regiments of mounted volunteers for service on the Mexican border or in any foreign country the president may direct.

Adopt Harding Amendment.
Senator Harding's amendment to the army bill designed to permit Colonel Roosevelt to raise four infantry divisions for service in France was adopted by the senate 56 to 31. A similar amendment was rejected by the house yesterday.

The amendment does not specifically mention Colonel Roosevelt, but its purpose has been understood and its author referred to the fact that it would permit the former president to raise troops to go to Europe. It was not discussed at length.

On a roll call tonight the house rejected the volunteer army proposal by a vote of 313 to 109, an even greater majority than that by which the amendment had been eliminated from the bill earlier in the day on a teller vote in committee of the whole.

On the objection of Chairman Fitzgerald of the appropriations committee the \$3,000,000,000 appropriation provided for carrying the bill into effect was finally stricken out by the house by a vote of 351 to 25, and it was agreed that the committee should bring in a separate measure Monday to finance the raising of the war army. Then shortly before 11 p. m., the house began its final roll call on passage of the army bill.

On the objection of Chairman Fitzgerald of the appropriations committee the \$3,000,000,000 appropriation provided for carrying the bill into effect was finally stricken out by the house by a vote of 351 to 25, and it was agreed that the committee should bring in a separate measure Monday to finance the raising of the war army. WAR NEWS SUMMARIZED

British troops, in a desperate attempt to turn the northern wing of the Drocourt-Quantin line, have advanced on a front of nearly 10 miles and captured the village of Arleux-en-Gohelle, nine miles west of Douai. The most violent fighting marked the battle and successive counter-attacks made at heavy sacrifices failed to check the British. To the Canadians, conquerors of the famous Vimy ridge, fell the work of capturing Arleux in a brilliant assault the Canadians took the village. German counter-attacks failing to move them.

Fierce encounters in which the bayonet and rifle butts were used, marked the fighting along the rest of the battle front across the Scarpe to Monchy-Le-Preux. Field Marshal Haig's men also gained ground northeast of Gavrelle. In addition to their heavy sacrifices in killed and wounded the Germans lost 500 prisoners.

The capture of Arleux widens considerably the British salient in the German positions directly east of Douai, the objective in this fighting. It threatens too, the southern defense of Lens, as well as the village of Drocourt, the northern end of the line of which military experts say the Germans have pinned their hopes for the safety of Douai and the region it commands.

Berlin declares the British attacks all failed under the German fire and that the British losses were great. It adds that the attempt to break through the German lines "failed completely."

Further south between St. Quentin and the river Oise, the French kept the Germans busy with an intense artillery bombardment. A heavy artillery duel also was in progress in the Champagne but no infantry fighting of importance was reported along that part of the front occupied by French troops. Guatemala is the latest nation to join the ranks of Germany's adversaries, by breaking off diplomatic relations on Saturday handing passports to the German minister and offering to the United States use of her waters, ports and railways "for the common defense."

Significance of an important military move in Germany was seen in the closing of the German-Swiss frontier to travelers and the postal service. Reports that the premier of Bavaria, Count Hertling will go to Vienna to discuss peace prospects with the Austro-Hungarian cabinets have come from Munich.

WETS LOSE FIGHT IN SPRINGFIELD CASE

Count Sustains Demurrer of Drys to Wet Petition Which Asked Court to Declare Illegal the Election on April 3.

Springfield, Ill., April 28.—Wets lost their fight here today to keep Springfield wet when Judge J. B. Weaver in the Sangamon county court sustained the demurrer of the drys to the wet petition which asked that the court declare illegal the election on April 3 at which saloons were voted out.

Attorneys for the wets immediately asked leave to amend their petition attacking the election, and it was granted.

The decision of the county court will be final. In their petition the wets held that the petition filed by the drys asking an election on the saloon question were irregular, and that women were not legally qualified to sign the initiating petitions. There were eight other allegations.

These supreme court has held that women have a right to vote on the local option question and I hold that they have a right to sign petitions initiating local option elections," said the court.

Attorneys for the wets said they did not know what the new amendment of their petition would contain.

A petition filed by wets in the county court, in addition to the one decided today attacks the count of the votes at the election April 3. No date has been set for a hearing on this petition.

Unless the wets get relief saloons will close in Springfield at midnight next Thursday.

PAINT "U-BOG" "SUB-23" ON GERMAN DASHUND

DULUTH, Minn., April 28.—William Kearns, one of the marchers in Duluth's patriotic day parade yesterday, hastily left the ranks, rushed into a store, bought a blanket, and, wrapping up his German dashund, which had found him, hurried home with the animal. Some one had painted in white letters on one long side of the dog: "U-BOG," and on the other side "Sub-23" and then had unchained the dog.

ASKS PRESIDENT TO SUPPORT AMENDMENT

Rockford, Ill., April 28.—Grand gates to the Illinois Swedish Lutheran conference today adopted resolutions appealing for the defeat of Illinois legislators who defeated the statewide prohibition referendum measure and asking President Wilson to support a constitutional amendment for national prohibition.

WAR MISSIONS TO HONOR WASHINGTON

Great Britain Thru Balfour Will Publicly Pay Homage To Hero

IS HEALING OF BREACH

Members of Both Missions Speak of Ceremonies as Carrying Great Significance

TRADE EXPERTS CONFER

WASHINGTON, April 28.—With the groundwork laid for a working agreement with America in the common cause against Germany, the British and French war missions will re-dedicate their united efforts to democracy tomorrow in impressive ceremonies at the tomb of George Washington at Mount Vernon.

Will Publicly Pay Homage.

Thru her foreign minister, Arthur James Balfour and in the presence of many of the foremost leaders of the British empire, Great Britain will publicly pay homage to the memory of the man, who in the name of Democracy led the revolution which tore one of the brightest jewels from the crown of the British empire. A wreath will be placed on the tomb by Mr. Balfour, as the representative of the British government signifying a public manifestation of honor seldom equaled in British history.

France, thru Premier Viviani, now minister of justice, and Marshal Joffre, popular idol of the French people, will accord to the father of the American republic the highest honor within the gift of France. In placing a bronze palm leaf on the sarcophagus France's two leaders will complete the original purpose of their mission to this country in paying homage to America's forefathers to whose aid France came in 1776.

The Union of Great Britain, France and the United States over the tomb of Washington will symbolize to America's guests, a consummation of the joint crusade against German autocracy.

Carries Great Significance.

Members of both missions spoke of the ceremonies today as carrying a great significance. To England it means the final healing of the breach made by the revolution, to France a re-consecration of the ideals of the two countries along the best lines of Democracy.

The party will go to Mt. Vernon on the Presidential Yacht Mayflower, accompanied by the members of the cabinet and their wives, military and naval officers, Chairman Padgett and Swanson of the house and senate naval committees respectively.

More than 100 American officials all told will be in the party.

Both the British and French missions made considerable progress today in their conferences with American officials. Intensive discussions by experts along the lines laid out by Mr. Balfour occupied the British.

Trade Experts Confer.
The British trade experts conferred at the British embassy in an effort to systematize the information requested by American officials of trading with the enemy, export restrictions, the rationing of Holland, and Scandinavia, and German trade influences in South America.

Ground work for understanding on various subjects related to the conduct of naval, military and economic war against Germany today was laid at the conference between the French and American officials. Tangle results are expected within the next few days, after President Wilson personally has taken part in the proceedings.

Monday the president will confer with Rene Viviani, head of the French mission at the white house. So far President Wilson has not had an opportunity to discuss details with the representatives of France.

Discuss Problems of War.
Difficult problems of the war were discussed at the French conference today. Members of the military section of the mission, which is headed by Marshal Joffre, conferred at length with the American army officers and Marshal Joffre appeared to be increasingly interested in the idea of having an American expeditionary force in France. He and other members of the military made known to the representatives of the war department their view that active participation in the war on a large scale by the United States without absolute preparation invites enormous losses.

Members of the mission and officials attached to it also discussed the problem of the war.

GERMAN CABINET FACES DIFFICULT SITUATION

Tries To Find Middle Ground in Reichstag

Both Parties Becoming More Insistent and Authoritative Socialists Demanding Democratization of Government and Peace Without Conquest or Indemnity.

The Hague, April 28.—via London. The German cabinet is facing the most difficult situation of its war time existence in its effort to find a safe middle ground between the Socialists and the Conservatives. Both parties are becoming more insistent and vociferous, the Socialists demanding the democratization of the government and peace without conquest or indemnity while the conservatives are demanding with equal urgency, reforms in exactly the opposite direction.

Attacks Socialists' Demands.
Dr. Dietrich Hahn, leader of the Agrarian Junker party and member of the Reichstag, yesterday delivered a speech in Berlin in which he declared that Germany's submarine success now insured the unconditional surrender of her enemies. He attacked the demands of the Socialists and censured the government for continuing to long to maintain diplomatic relations with the United States.

"Has monarchial Germany failed?" he asked. "No," he added, "it stands brilliantly before the world as conqueror. We are today within sight of peace. May it be a real German peace. We hope those who govern us will realize our strength, will keep their nerve and continue to face the enemy as conquerors, not as cowards. Let us keep to his march's policy. Germany's future is a future of battle and conquest."

"Some people are demanding a new order of things in Germany, let me tell you what new order we conservatives desire. Germany's industrial and agricultural future must be secured so that she will be in a position successfully to withstand any future attack. We must have the coal fields of Longwy and Briey. We must have fresh territories for emigration in the east. We must not return any land we have conquered. The world would be an unforfeitable gain against our agricultural population, would compromise our industrial development and would mean that our blood had been spilled in vain."

"Already we have foolishly bestowed a kingdom upon Poland without securing Germany's rights therein."

Must be Changes in Army.

"There also must be changes in the army, where there is too much youth and too much blood. A twenty year old lieutenant should not command a forty year old lieutenant. The government must cease conferring with the Socialists."

"There is only one way to deal with our Anglo-Saxon enemies and that is to be as brutal as they. Look at what our government has done in the case of the United States. Long after we knew on what footing America stood we allowed Ambassador Gerard to live among us and to mix in our politics."

GUATEMALA BREAKS WITH GERMANY

WASHINGTON, April 28.—Guatemala has broken off diplomatic relations with Germany; handed to the German minister his passports and cancelled the exequaturs of the German consuls here.

Official advices of the break, coming from the American legation in Guatemala City, say President Estrada Cabrera assigned to the task of breaking relations with Germany on for his act the desire to stand with the United States in the fight for democracy and the preservation of international law. For some time President Cabrera's advisers here have been urging him to take the step and join the family of nations against Persian autocracy.

MAKING LACE U. S. FLAG.

Paris, April 28.—The women lace workers of Velay have united in making a lace flag with the colors of the United States and intend to present it to the first American regiment that comes to fight upon the French soil.

BELA L. PRATT ILL.

Boston, Mass., April 28.—Bela L. Pratt, the sculptor is seriously ill at his home in the Jamaica Plain district.

WEATHER INDICATIONS AND TEMPERATURES

Illinois.—Unsettled weather Sunday and Monday, probably rain and in south and west portions Monday; cooler extreme south portion Sunday.

Temperatures

The current, maximum and minimum temperatures as recorded Saturday were:

Detroit	44	50
Omaha	32	38
St. Paul	42	46
Helena	26	30
San Francisco	58	60
Winnipeg	48	58

ROOSEVELT SPEAKS FOR CONSCRIPTION

Colonel Enters Chicago With "Farm and Army" as His Battle Cry

MAKES TWO SPEECHES

Pleads That He Be Allowed To Recruit a Division for Immediate Service

THOUSANDS APPLAUD

CHICAGO, April 28.—"Farm and army," with this battle cry Theodore Roosevelt entered Chicago today with two stirring speeches urging that every energy of the entire nation be directed toward making the potential might of the United States felt in the war against Germany, and he demanded that not an hour be lost in dispatching troops to the trenches. His first speech was made at a noon luncheon, his second at a mass meeting in the Amphitheatre at the Stock Yards, where thousands who applauded his words were numerically exceeded by the hordes turned away in disappointment when it became necessary to close the doors.

Advocates Universal Training.

He advocated universal training as a permanent policy; he advocated conscription, but he pleaded that he should be allowed to recruit a division for immediate service with the allies. He was roundly applauded when he urged that during the war the use of grain for the manufacture of alcoholic beverages be prohibited.

"I want to get Americans into the trenches of France at the earliest possible moment to show our allies that we are as ready as they to shed blood for the cause of democracy," he said. "He said he wished, however to find service for those efficient men who under the proposed military policy couldn't get conscripted."

At the luncheon Harry Pratt Judson, president of the University of Chicago, introduced a resolution to be forwarded to President Wilson requesting that the colonel be authorized to raise a division and to lead it into France.

Amends Resolution.

Colonel Roosevelt interrupted to ask if he might amend it.

"Make it read that we want the division sent under any competent officers, and please to let Roosevelt go along."

"Certainly," replied Dr. Judson, and his resolution was adopted unanimously.

"I'd go as a second lieutenant," said Colonel Roosevelt in a digression from his prepared remarks. "I commanded a regiment during the fighting in Cuba; I headed a brigade before we left the island and I have even been the recipient of honors from citizens of the United States, but I'm willing to go in the train of any competent officer who may be selected. To get the division there is the thing."

Other addresses were made by Governor Frank O. Lowden of Illinois and by Major R. R. McCormick, Senator Harding of Ohio, Governor Frazier of North Dakota, and Major General Thomas H. Barry, commanding the central department, U. S. A., were among those at the speakers' table. Colonel Roosevelt referred to General Barry as being of the type of man who might well lead a division.

Show Bulletin to Colonel.

Colonel Roosevelt was shown an Associated Press bulletin showing that Senator Harding's amendment to the army draft bill permitting him (Roosevelt) to raise troops for European service had passed, he paused in his speech, a smile overpread his face and he exclaimed repeatedly: "Bully! Bully!"

"What is it?" demanded a voice from the crowd.

"I'll tell you in a minute. Just wait a moment," the colonel replied and concluded his set speech.

When Colonel Roosevelt read the dispatch, the entire audience arose and cheered several minutes.

"Now we'll go Teddy, now we are ready," came from numbers of throats.

"I want to say," continued the colonel, "that his amendment was carefully drawn, not to interfere in the slightest degree with the president's plan for obligatory service."

"I want to put myself in a position, not to say go to the front, but come to the front."

"Put the American flag on the firing line in France, Flanders or the Balkan peninsula at the earliest possible moment and keep it there as

A WAR RESULT

The far-reaching effect of the war upon the minds and lives of people is brought home by the fact that in one local hospital there are now three patients as a direct war result. Two of these people have a number of near relatives serving as soldiers at the front. The other one has property interests in one of the countries at war and reports have indicated that this little property has been devastated. In each of the three cases the continued anxiety and oppression of sorrow in connection with war conditions has brought a state of mind or nerves which has made the care and refuge of a hospital necessary.

WHAT A VOLUNTEER ARMY MEANS

The President, in his masterly address to Congress, recommended universal military service as the only solution to the problem of raising a large army, quickly. In "The Altar of Freedom" Mary Roberts Rinehart, speaking from the mother's point of view, says:

"What if now, your boy and mine could be a part of a vast trained army? His chance would be better. Better? There would be no war. This is what a volunteer army means in this country today. For every high spirited lad who goes out to fight, there are a hundred, a thousand, men of fighting age and strength who will not go, men who have no country, but only a refuge from the oppression of Europe."

MR. PINCHOT POINTS TO FARMERS' DUTY.

Gifford Pinchot, radical on a number of subjects, has taken a strong patriotic stand at the present time and is lending his influence in an effort to impress upon farmers the important part that they are now to play in the war. In a statement just issued the former chief forester of the nation declares that the only hope Germany has to win this war is by starving England, and it depends upon the American farmer whether or not this shall be done.

If the submarine campaign of Germany wins, Mr. Pinchot says that the first demand the Kaiser would make in the terms of peace would be the control of the English fleet. Such a control would mean only one thing, that Germany would be master of the world. If this happens it takes no flight of imagination to outline the condition of the U. S.

Mr. Pinchot then goes on to give this clearest summary—a bit of advice an adjustment that the farmers should heed, not only on their own account but for the sake of the whole country:

"If the war lasts beyond this summer, it will be the American farmer who will win or lose the war, who will overcome militarism and autocracy, or allow them to spread and control the world, ourselves included."

"This is no fanciful picture, but sober fact. Many a man will make his mark in the world, but if he does not, it will be because he failed to do his duty. It is no more impossible than the great War itself appeared to be, only a few days before it began."

THE KAISER LOSES HIS PLACE IN THE SUN

With the recent capture of Baghdad by the British, the Kaiser's mind must go back to the time, nineteen years ago, when he journeyed to the sacred places in Palestine, and, in one of his most heroic speeches, proclaimed himself the friend of the Sultan and the protector of the Mohammedan faith. Back of this grandiose speech lay his ambition of a "place in the sun," the scheme that has caused the present world-wide disaster. The two chief places of his new Caesarian empire were to be Hamburg and Baghdad. All that huge area lying between Germany, Austria-Hungary, the Balkans, Turkey, Asia Minor, the Persian Gulf, was to be the new great world state, the state which, under the Hohenzollerns, was to shape the destinies of mankind for centuries to come.

But the Allies, alive to this scheme, refused the tempting bait. In stating their terms to President Wilson, they stipulated, as essential consequences of the war, a free Serbia and an extinguished Turkey. And now British arms are making good these pretensions. Baghdad is a British city, and Russian and British armies, working in cooperation, are rapidly encompassing the end of the Turkish Empire. Whatever Mesopotamia and Baghdad become, of one thing we may be sure,

they will not become German. The "World's Work" for May.

MAYOR THOMPSON'S OUTER STAND

The comeliness with which Mayor Thompson of Chicago has received the proposal that General Joffre and other eminent members of the French commission now in this country, shall visit Chicago, is difficult to explain except on the theory which has served to make clear some other actions of Chicago's chief executive. That explanation has been that the mayor is not large enough for his job. The weak and wobbly statement that Mayor Thompson has given is that because Chicago is the sixth largest German city in the world, the second largest Bohemian, Swedish, Norwegian and Polish, that he doubts the propriety of any action by which he as mayor in time of war should extend an official invitation to the distinguished Frenchmen.

The mayor said that in extending such an invitation he would represent all the people. The city council is planning to override the mayor and extend the invitation in the name of that body. Their action will no doubt be based upon the feeling that these Germans, Bohemians and other foreigners now resident in Chicago are expected to be Americans first of all, and if they are not, what they may happen to think about an invitation to representatives of the U. S. allies is not material. Now General Joffre is a world hero and his associates in the commission have world eminence, and for the mayor of a great city like Chicago to make an argument about extending an invitation to visit that city sounds narrow and petty, if not unworthy of a mayor, certainly unworthy of the office that he holds.

I DIDN'T RAISE MY BOY TO BE A COWARD.

I didn't raise my boy to be a coward. I have ridiculed upon him showered, I raised him bold and brave. A soldier I'd rather he'd be And help keep his country free Than a feasting, cringing knave.

I didn't raise my boy to be a coward. But when the war cloud lowered, And came the threatening foe, I heard my country calling And told my boy to go.

I didn't raise my boy to be a coward. No eyes have on him glowered, I hoped no war to see. But justice has been calling, And other lads are falling, I must not selfish be.

I didn't raise my boy to be a coward. With courage he is dowered, I raised him good and true. My country you have cared him, I give what e'er befall him, I give my boy to you.

I didn't raise my boy to be a coward. With mother love empowered, From birth has been my boy, I'll spend no time in weeping, He now is in God's keeping, I send him forth with joy.

I didn't raise my boy to be a coward. I have abuse on him showered, And so I'm grateful now. However much I love him, 'Twere better far to lose him Than shame be on his brow.

I didn't raise my boy to be a coward. With love of country dowered, And tho' my heart should burst, I will not wait the morrow, Nor bow my head in sorrow, I place my country first.

—S. A. Hughes.

DRAFT BILL WILL PROVIDE TRAINED ARMY.

It will be gratifying to the American people to note that on the final vote on the selective draft army bill the senate stood 51 to 8 and the house 397 to 24 in favor of the measure. Most of the statesmen who sincerely favored the volunteer system, after expressing and defending their views, showed the right spirit—a willingness to join with the majority and to go on record as in favor of the army provision advocated by the president and the war college.

The passage of the bill is a blow to Germany and gives the government there a clearer idea than they have had before of the serious war in which the U. S. has entered this year. Germany must take notice from the action on this measure that the United States' part in the war is not to be mere passive alignment with France and England and the other allied countries. The measure means that armed force will back up the aid given with money and munitions. The measure will show to Germany that the United States proposes to profit by the experience of England, where a trial of the volunteer system made unfortunate and costly delay in getting troops into actual service.

So in thus serving notice upon the Kaiser's government that the United States is "in this war to win," the selective draft measure has already accomplished much. All the provisions of the bill have not yet been made public but it is understood that within ten days in every township in the country registration of men eligible by age for duty will begin.

The training camps for these soldiers will be inaugurated in August or September, and the first 600,000 men drawn for service from the registered lists will appear at these camps at that time. Then the officers' training camps which will have concluded a three months' term, will make available 10,000 officers for the training work. By this plan the war department expects to produce within two years a trained force of 2,000,000 soldiers, and more actual service can be secured by such a trained force than could be accomplished by an unprepared, untrained army of 10,000,000 men.

President Wilson has been reluctant to believe that the conditions demanded the selective draft system. Many of the strong men in congress have with like reluctance tak-

en a stand in favor of conscription. But then came war times. Conditions have wholly changed within a few months and the willingness of leaders to shift position on this great question does not indicate vacillation but rather the broadness of their minds and a desire to accept conditions as they find them and to endeavor to give to the country their best aid at this time of its greatest need.

Yes, the passage of the selective draft bill and the vote registered struck a decisive blow in this great war.

Rippling Rhymes
By WALT MASON

The Giant
You have had a lot of woo, Kaiser Bill; and a lot more you will know, Kaiser Bill; for the giant of the West straps his harness on his breast, and will knock you from your nest, Kaiser Bill. Patient was the giant long, Kaiser Bill, bearing injury and wrong, Kaiser Bill, hoping that a ray of sense would pervade your cranium dense, that you'd let up your offense, Kaiser Bill. But you tramped the giant's toes, Kaiser Bill; and you tweaked the giant's nose, Kaiser Bill; now you see the giant rise, with the war light in his eyes, and he'll soak your Prussian guys, Kaiser Bill. You're exhausted by the strain, Kaiser Bill; full of weariness and pain, Kaiser Bill; you are going stony broke, and your folks will bear the yoke of taxation till they croak, Kaiser Bill. You have strained your last resource, Kaiser Bill, in your work that's rude and coarse, Kaiser Bill; dotards who are bent and gray, children from their schoolyard play, you are dragging to the fray, Kaiser Bill. But the giant of the West, Kaiser Bill, has an ample treasure chest, Kaiser Bill; tortured by no bloody thirst, by no war lord visions cursed, he will chop you into wurst, Kaiser Bill.

THIS DATE IN HISTORY

April 29, 1849—Steamer Timon arrived at St. Louis on Sunday April 29. Had the remains of Major Samuel Hackelton, late of this state (Illinois) on board. Twenty Mexicans passengers and some \$70,000 to \$80,000 in gold and silver.

MORTUARY

Correa
Frank U. Correa received word Saturday of the death of his uncle A. D. Correa of Chicago which occurred in Milwaukee.

Deceased was the son of Mr. and Mrs. John Correa and was born in this city and spent the earlier years of his life here. His parents preceded him in death many years ago.

When a boy Mr. Correa entered the employ of Uncle Ben Pyatt and learned the cigarmaker's trade which he followed during his life. About thirty years ago he removed to Milwaukee to take charge as foreman of a large cigar manufacturing firm. About fifteen years ago he removed to Chicago where he resided until his death. He worked at his trade until compelled to give it up on account of old age and poor health. The past few years he has spent his time between Chicago and the National Soldiers home in Milwaukee.

When the Civil war started, Mr. Correa, tho a mere boy, enlisted in company with his brother, the late Joseph F. Correa in the 10th Illinois Infantry and served thruout the war. He was in the grand review at Washington and received his honorable discharge immediately afterward.

Mr. Correa was a man noted for his honesty and integrity and had many friends in this city, Milwaukee and Chicago. He is survived by his wife and two daughters, Mrs. Florence Fitzgerald and Mrs. Rose Zelenski all residing in Chicago.

Burial was made in Milwaukee with military honors.

FUNERALS

Rexford
The funeral of Lewis Rexford was held Saturday afternoon at the Methodist Protestant church in Concord.

Mr. Rexford was so widely known in that community and other parts of the county that the attendance was very large. The services were in charge of Rev. Mr. Fairchild assisted by Rev. Mr. Bowman. Appropriate music was furnished by a quartet including Mrs. George Dietrick, Bonnie Smith, Elmer Smith and Spencer Smith, with Mrs. Warner Moss at the piano. There were many beautiful flowers and these were cared for by Misses Beulah Stewart, Bernice Murphy, Marie Rexford, and Esther Murphy. Burial was in Concord cemetery and the bearers were Frank Rexford, Howard Rexford, Vernon Rexford, Delbert Erickson, Reese Erickson and Clayton Stewart.

MRS. WILSON SEWING FOR THE RED CROSS
Washington, April 28.—Mrs. Woodrow Wilson and Miss Helen Woodrow Bones, wife and cousin of the president, are sewing for the Red Cross. They are doing the needle work personally.

TO LAUNCH NEW CAMPAIGN
Washington, April 28.—The national woman's party announced today it would launch a new campaign to keep the large camp fires bright during the war. A series of meetings will be held thruout the country.

Y. M. C. A. WAR WORK COUNCIL MEETS
New York, April 28.—The war work council of the International committee of Young Men's Christian associations held its first meeting here today. Its first task is the raising of \$3,000,000 for the association's work in the army.

A Personal Bank

MATRIMONIAL

Wilson-Baxter.
Newton Wilson of Sinclair and Miss Eva Baxter of Woodson were united in marriage at the home of the bride in Woodson Saturday evening at 7 o'clock. The ceremony was said by the Rev. J. Latham pastor of Woodson Presbyterian church the ring service being used, and was witnessed by only the immediate relatives of the contracting parties.

The bride is the daughter of S. J. Baxter and was born and reared in Woodson. She was educated in the public schools and later supplemented that with collegiate work fitting herself for teaching which she has followed for a number of years. She is a member of Woodson Presbyterian church and has served as organist for that body most acceptably. Possessed of much personal charm and genial disposition she acquired great popularity in the community in she has lived.

The groom is a farmer by occupation and was reared in the Sinclair neighborhood. He is a young man of integrity and is highly regarded by all who know him. The couple will begin housekeeping at once on a farm near Sinclair and will have the best wishes of a large number of friends.

Havens-Springer.
Mervitt Havens and Mrs. Effie Springer were married at the court house Saturday by Judge W. E. Thomson. The groom is a cigar maker and he and his wife have many friends in the city who wish them well.

THE BIRTH RECORD

Born, Saturday afternoon to Mr. and Mrs. D. R. Murgatroyd, of North West street, an eleven pound son.

Born to Mr. and Mrs. William Standish, a son recently at the home of Mrs. Standish's mother, Mrs. Mary Walters, 946 North Prairie Street. The young man has been named William Frederick.

WITH THE SICK

Mrs. E. A. Hart of Doolin avenue, who underwent a serious operation at the New Home Sanitarium, was able to go home today.

Ernest Anderson, the seven months old child of Mr. and Mrs. R. Anderson of Beardstown, was operated on some time ago at the New Home Sanitarium and was able to be taken home Saturday.

WORK OF THE WEEK IN Y. M. C. A. CAMPAIGN

Total of \$30,970 Has Been Raised—
This District Far Short of Goal.

Secretary Findley of the Y. M. C. A. has received a report showing the condition of the Illinois Y. M. C. A. extension campaign. The amount to be raised in the twelve state districts outside of Cook county is \$125,000 and the total amount raised up to midnight Friday was \$20,970. This report presents the first figures of the eighth district, in which Morgan county is located, and shows the amount raised thus far in the district is \$1,078. The sum expected from this district is \$10,000. Today is expected to be a fruitful one throughout the state and the report Monday should present figures well toward the \$135,000 goal.

In the Cook county campaign \$17,000 was raised among employees of the Illinois Steel company in South Chicago, altho fifty per cent of the employees are not naturalized citizens. At Northwestern University the students gave a total of \$2,400 which is an average of \$6 per student. The army Y. M. C. A. work is already well under way in this state at Alton and East St. Louis. At Springfield a large tent has been equipped for the work and the plans are well in hand for similar efforts in the Great Lakes Naval training station, Rock Island arsenal and some other points. The Y. M. C. A. is fully alive to the great opportunity for service which is now presented.

MATHIS, KAMM & SHIBE SAY:
Better hurry if you want a pair of the army model shoes; only a few pairs left that can be sold at \$5.00.

**LOCAL FIRM HAS
ENGINEERING CONTRACT**
The city authorities of Salem, Ill., have let to the Caldwell Engineering Co. of this city the contract for engineering work for a municipal filter plant. Bids for the construction will be opened May 15. The plant is designed to cost \$13,200 and will embody the latest developments in methods of water purification.

The contract will be awarded soon also for a \$50,000 water works, the plans for which have been prepared by the Caldwell company.

CHANGE HOSPITAL EMPLOYEES
A telegram from Springfield yesterday stated that the state civil service commission had announced the employment of Floyd Davis as an employee of the board of investigation of Jacksonville State hospital. Mr. Davis has been an employee of the hospital for more than six years and will replace James E. Thalen, who is in Michigan on leave of absence.

FOR SALE! Story's Exchange, Real Estate, Loans and Insurance.

FARM PROPERTY

No. 229. A farm of 3156 acres a short way out of Kansas City. This is a fine black lime stone soil, nearly all of which is level to cultivate. Five hundred acres in crops, balance in blue grass. Railroad crosses corner of farm and there is a little town built on this corner with stock yards. There is a fine new house besides the other smaller ones; two silos, with plenty of shade and water. Price \$85 per acre. Can furnish a ten year loan at 5 per cent.

Will trade some good income property in exchange.
No. 224. 80 acres, three miles from good town, level to rolling land with a good two story house, large barn and other out buildings. Fenced with woven wire and hedge posts. Watered by two good wells and two springs. A rare bargain at \$100 per acre.

CITY PROPERTY

(a) Sold a five room modern cottage but can show you a six room modern cottage in third ward on paved street with fine lot. This is in first class condition and can be had for \$2250.

HISTORY OF MEDICINE

The Morgan County Medical Society Will Be Fifty Years Old In May.

Anyone who has information about any of the early doctors of this county, or of any Medical Meetings or Societies prior to 1866, will confer a favor by sending it to Dr. Walter Frank, secretary of the Morgan County Medical Society, 200 Ayers Bank Building, and it will be edited for this column.

Below we give a list of the names of the members of the Morgan County Medical Society by years. The address of these living outside of Jacksonville is given. Anyone noticing names omitted will confer a favor by notifying the Secretary. Today's list covers the years 1872 to 1885 inclusive.

1872
Samuel Edmond, Alexander,
G. N. Miller,
E. U. Thomas,
E. V. Thomas,
C. T. Wilbur,
Jno. Dodd.

1873
Albert C. Brown,
F. T. McFarland,
W. C. Cole, Lynnvill, Ill.

1874
Henry Jones,
C. G. Lucas,
E. D. Wing.

1875
C. C. Brown.

1876
J. H. Dougherty,
T. U. Stewart,
H. M. Hatch,
E. H. Howell.

1877

Chas. M. Vertrees, Murrayville.

1878
W. B. Perry, New Berlin.

1879
S. W. Goodspeed, Virginia,
Chas. Cole,
J. W. Freeman,
T. Cullimore.

1880
G. V. Black,
G. W. Sims.

1881
E. Herriott,
T. A. Wakely,
J. A. Rea, Meredosa,
W. T. Anglio, moved to California.

1882
G. W. Crum,
Chas. Wackerly,
Geo. W. Swope, Arenzville,
S. Griffin, Litter,
W. J. Wackerly, Meredosa,
Dr. Ayers.

1883
C. C. Powell, Neelyville and Exeter.

1884
Ernest G. Epler, in Chicago.

1885
G. H. Harris, Lynnvill.

1886
Grant Cullimore,
L. A. Malone.

RE-LAYING OF MAINS PROGRESSING WELL

Seventy-Five Men Make Rapid Advancement During the Week in Big Betterment Work for Railway & Light Co.—Other Improvements to Follow Soon.

A gas service equal to any city of twice the size in the state, will be the boast of Jacksonville when there is completed the extensive system of new mains and plant improvements now in progress by the Jacksonville Railway & Light Co. The new gas distributing system will have a capacity five to seven times the present output of the plant, according to estimate of the general superintendent, E. H. Gray, providing not only for all present needs but anticipating the city's growth for years to come.

Big Force at Work.

Seventy-five men are engaged in the work of laying the mains. Twelve-inch and six-inch piping of tested strength is being used, replacing old feeders of six-inch diameter and less. All last week the work was pushed forward steadily. The digging so far has extended toward the south and east; that to the west part of town will be done later. In addition to increasing the size of mains, all service pipes along the route are being enlarged to an inch and one-quarter size. A three-quarter inch service pipe has heretofore been the general rule.

Numerous ties will be made all over the city, guaranteeing an adequate flow to the most remote consumer. The new system will secure "holder pressure" at the head center of the city. The lead centers are four: Richard street and South Main, Diamond Court and West State, the public square, and Clay avenue and East State street.

Occasions Heavy Expense.

The completed work will cost between \$20,000 and \$25,000, according to the estimates of the company and utilities engineers. Several improvements in the process of gas manufacture will materially increase the service. The installation of apparatus for more thoroughly removing all farlike matters from the gas is an important betterment which will soon be completed.

Plans for the distributing system were made upon a thorough investigation of the city's needs. A map was made by Mr. Gray last fall and thereon were designated all consumers of gas as well as possible consumers. "Centers of consumption" were mathematically located and thus was determined the size of service mains required. The plans were then laid before A. B. S. Little, gas engineer for the State Utilities commission and were heartily approved by him. The actual work of construction is under supervision of R. B. Richardson, assistant gas engineer for the Illinois Traction System.

The entire new system will include new mains to a length of 15,216 feet, divided according to size as follows: twelve-inch mains, 7,753 ft.; 10-inch mains, 120 feet; 8-inch mains, 4,925 ft. and 6-inch mains, 3,318 ft.

Route of the New Mains.

Following is the route of the new mains west:
Twelve inch main—North from the plant to College avenue; west to alley B, 411 ft. 6 in.; north to State street, 637 ft. 3 in.; west on State to Prairie, 1954 ft. 6 in. From Prairie street an 8-inch main leads 2,700 feet to a point between Caldwell and Sandusky streets and the 1021 feet remaining to Webster avenue are traversed by a 6-inch main.

The route to the east:
From South Main and College avenue a 12-inch main east to Eby street, 868 ft.; north to State street, 666 ft. 3 in.; 8-inch main, north to East North street, 652 ft. 3 in.

South from the plant:
Twelve inch main, south from the plant to a point 120 feet north of Morton avenue, 2117 ft.; thence to Morton avenue, 10-inch main, 120 ft.; from South Main and Chambers, east to Hardin avenue, a 6-inch main, 2296 ft.

From the plant, west on Anna street, to West street, 672 ft. 3 in.; 8-inch main.

LICENSED TO MARRY.
Merritt Havens, Jacksonville; Etie Springer, Jacksonville.

COLLEGE STUDENTS ENLIST FOR TRAINING

Eleven Have Made Application for Admission to Officers Camp—Edward Bullard Will Enlist From Harvard.

Interest is increasing in military work at Illinois college. The men have been given drill each afternoon the past week except Saturday and are showing up well.

In the past few days several students have taken and passed the physical examination for the purpose of entering the officers training camp. It is probable that a great many will take the examination in the next few days. It is understood that those who have taken the examination expect to go to Ft. Sheridan in the near future as training begins May 8th.

Dr. W. J. O'Neil, head of the Chicago Medical society and member of the medical branch of the National Council of Defense will be in the city today. It is understood that Dr. O'Neil's visit is for the purpose of examining a number of physicians and surgeons in this city and vicinity as to their fitness to become members of the medical corps of the army.

Jacksonville boys in other schools are also showing their patriotism. Word has been received from Edward Bullard attending Harvard law school, that he has taken and passed the physical examination to enter the officers training camp. The faculty gave permission to students to enroll in training camps only a few days ago. Mr. Bullard probably will come west and take up military work at Ft. Sheridan.

In these officers' training camps it is expected that 50,000 men will be enrolled. At the expiration of three months period of training 10,000 will be chosen from this number and assigned to duty with soldiers raised under the new conscription law. The others will not be discharged but will be assigned to service just as rapidly as they are needed.

FORMER RESIDENT HERE DIES ON BATTLE LINE

Mark Russell Enlisted With Canadian Battalion—Shot While Operating Machine Gun.

Mark Russell, known to a number of Morgan county people and with relatives here, died on the European battlefield a few days since. News to this effect has been received by his cousin, John R. Robinson, who lives a short distance southeast of Jacksonville. Mr. Robinson has a picture of the young man taken while operating a machine gun. It was in this work in the trenches in France that he was wounded in the leg and an amputation became necessary. It was only a few days afterward that the wounded soldier died.

The deceased was a nephew of Jesse Russell of this city. Five years ago the young man, with his mother, brothers and sisters, left for a home near Regina, Saskatchewan. They had for three years been living on the Lohman farm near Roodhouse and prior to that time had been located on the Robert Hills farm west of Jacksonville. One brother of the dead soldier has been serving in the trenches for eight months and surviving are the mother, three sisters and three brothers in Canada. Young Russell was a member of the 68th battalion, Canada, and held the rank of a lance corporal.

LEADERS EXPRESS VIEWS.

Mrs. Lillian I. Danskin, as a representative of the Woman's Civic league, has received a letter from Senator Sherman in which he declares his belief that a measure to stop the use of intoxicating liquor would be beneficial at this time. He stated his intention to act accordingly. A letter from Congressman Rainey indicated his expectation to support selective conscription and made no declaration with reference to national prohibition.

FRYE INFANT BURIED

The infant daughter of Mr. and Mrs. H. A. Frye was buried Friday afternoon in Diamond Grove cemetery. The services were private. The child was born Thursday at Passavant hospital and passed away the same day.

POST MASTERS TO HELP SECURE FARM WORKERS

R. I. Dunlap Receives Communication from U. S. Employment Agency Outlining Plan.

Postmaster R. I. Dunlap has received a communication from the Chicago division of the U. S. employment service explaining the department's plan for furnishing help to farmers in this district, which includes the state of Illinois, Indiana, Michigan and Wisconsin. Mr. Prentiss, the inspector in charge, states in the letter that more applications have been received from farmers for help than there are workers now available, but that the indications are excellent that hundreds of boys and young men from the ages of sixteen to twenty-one years will soon be available. Most of these applicants are from high school and from good families. However, only a few of them have had any experience in farm work. The letter requests that Mr. Dunlap have his office act in the capacity of clearing house for farmers in this vicinity who wish to make application for help. Mr. Dunlap will receive any applications which are made and will forward them at once to the Chicago office. The inspector mentions particularly in his letter that the young men mentioned are not from the floating class, but are of good address and are offered with the feeling on the part of the employment office that they would be entirely acceptable to farmers.

WAR MISSIONS TO HONOR WASHINGTON

(Continued from Page 1.)

siderable work today upon reports for their government and filled a number of social engagements. At noon leading members and officials attended a luncheon given in the honor by Assistant Secretary of State Phillips, and late in the afternoon the visiting Frenchmen were present at a tea given by the French Ambassador and Madame Jusserand. Tonight the party separated, civilian members attending a dinner given in their honor by Attorney General Gregory; the military section attending a dinner given by Secretary Baker, and the naval section being the guests of honor at a dinner given by Secretary Daniels.

The United States it became known today probably will be invited by the British to send commissions to England to familiarize themselves with British methods of trade regulation and control.

A WARNING.

(From Chicago Post)

George E. Cushing, editor of Black Diamond, a leading coal magazine, has issued a warning to Chicagoans to buy their next winter's coal this summer or pay \$10 a ton when the snow flies again. He predicts a coal famine in Chicago not later than August 1, which will extend thruout the next winter and be worse than that of the winter just closed.

A CONTRAST IN CONDITIONS

On another page appears a cartoon published by courtesy of the Rosenbaum Review and furnished to the Journal by John Cain. This cartoon bridges a great span of world industry, comparing as it does Cincinnati, who in the days of the Romans left his plow in the field to answer his country's call, with the young men of today who must stay on the farm for patriotic reasons. It's an interesting historical contrast.

The man with money knows that a year is a span. The Bank account you start to-day will grow.

Next year you will be richer with money you scarcely missed.

Time flies—Time flies. The mill will never grind with the water that is past. You cannot buy anything with the money you have SPENT.

And each succeeding year flies by faster. We don't know what is in the future, but if you start a bank account NOW the future will be free from poverty which is the most dread disease we have to fear when we are OLD.

Put YOUR Money in OUR Bank.

We pay 3 per cent interest.

PREPAREDNESS CON-
FERENCE POSTPONED

Commercial Organizations Will Be Represented at Chicago Meeting Soon — Action Pending Further Information from the Government—Miller Weir to Attend.

Miller Weir intended to be in Chicago yesterday to attend a conference of representatives of the associations of commerce relative to war preparation. The conference, however, was postponed, after a telegram had been received from John W. O'Leary, president of the Chicago Association of Commerce, who is in Washington, suggesting that the conference would achieve better results if postponed until after the passage of the army bill with its selective draft feature. It is expected that the proposed conference will be held at a comparatively early date and it is Mr. Weir's intention to be present.

Country Wide Organization. Another factor to be considered is that Governor Lowden's measure for the naming of an Illinois council of defense will probably be acted upon favorably in the legislature Tuesday. The purpose is to have the "defense and preparedness" organization in cities and communities co-ordinated with a state organization which will be part of a great national plan. Mr. O'Leary's telegram referred to above emphasized the need that citizens have of combining judgment with their patriotism. In other words, preparations cannot go on in the most effective way until some of the larger problems have been worked out by the national council of defense and definite suggestions made. Some very interesting paragraphs from Mr. O'Leary's telegram are given herewith.

"Apparently there is no doubt of the passage of the army bill tomorrow with the selective draft measure. Have also conferred with Rosenwald, Shaw, Martin, Goodwin and others on subjects in which we are interested.

Keen for Service. "We know that we are unprepared as a nation for warfare, but hardly realize the extent of our unpreparedness and the problems to be worked out before action begins. Our business interests are keen for service and their attitude is apparent from the mass of offers being received by mail, telegram and personal calls. Starting with no organization, these efforts in themselves are creating additional excess demands on the present machinery.

"I believe business men today can be of greatest service by devoting themselves to preparation in their own establishments and localities for the real demands on industry which will come when government departments and boards become better established and begin to function efficiently under the new order of things.

Sounds New Keynote. "We realize how difficult it is to conserve enthusiasm and be patient, particularly when we have so long urged preparedness, but today the keynote of the relation to business to the government is service. "Agencies have been created by the government to forward the work of creating an army and supplying food and supplies to our allies as well as to maintain industry and conserve the health, happiness and success of our people. There will be mistakes and if after careful investigation we know they exist it will be our duty to help correct them.

"For the present Chicago industry and commerce and citizenship can best serve by putting our house in order, conserving our resources and patriotism, and like an army potentially great, await orders."

MATHIS, KAMM & SHIBE SAY: While short skirts are in vogue, shoes will be a dominant factor in costumes; for this reason the fit, style and quality must be right.

MISS OGLE, TEACHER OF NORTH OAKLAND, RE-ENGAGED

Miss Mary Ogle, who for the past term has successfully taught North Oakland school, six miles north of Jacksonville, has been re-employed by the directors. Thursday the school was brought to a close, with a large number of friends and parents present for a neighborhood picnic.

Among the children present were Alma Bridgman, Beulah and Edith Pugh, Julie and Clara Fitzsimmons, Katie and Mildred Beck, Mabel, Blanche and Joyce Phillips, Ben Pugh, Dorothy Bourn, Ira and Everett Gentry, Paul and Reul Carpenter, Lloyd Austin, Katherine Fern, Will and Robert Bourn, Paul and Erell Flynn. There were present also Misses Estelle Bourn, Jennie Dixon, Alice Laurie, Viola and Tillie Dixon, Miss Gahes, Fred, Floyd and Russell Flynn, Claude Servoss, Mr. and Mrs. Ellis Pugh, Mr. and Mrs. Archie Bridgman, Mr. and Mrs. John Phillips, Mr. and Mrs. A. N. Carpenter, Mrs. Burneister, John Burneister, Mr. and Mrs. Newton Flynn, Mrs. T. E. Laurie, Mrs. Holman, Mrs. Earl Cox, Mrs. Ernest Servoss, Mrs. John Bourn, Mrs. Fitzsimmons and Frank Bourn, the mail carrier.

CLOVER HAY Buy your clover hay from Cain Mills. They have a car on track.

WILL RAISE FLAG LATER The flag ordered for the court house flag staff did not arrive in time to be raised Saturday. A small flag was procured and placed on the staff temporarily. It is the intention of the commissioners when the flag arrives to have brief exercises in connection with the raising. A speaker will be secured and a short program arranged.

NEW MONKEY AT PARK A baby monkey has arrived at Nichols Park and the little creature is lively indeed. He will no doubt add greatly to the interest that all Jacksonville children—and grown-ups for that matter—have in the monkey cage.

CHARLES WELCH DEAD AT HIS SCOTT COUNTY HOME

Funeral Will Be Held This Afternoon—Red Cross Society is Organized—News Notes

Winchester, April 28.—Charles Welch died Friday evening at 10 o'clock at the home of his parents south of Winchester, aged 26 years, 11 months and 24 days. He is survived by his widow and two children, his parents and five sisters, and three brothers. The funeral will be held from the Christian church this afternoon at 2 o'clock in charge of the pastor the Rev. G. E. Previtt.

Mrs. Bertha Masters Miller of Los Angeles, Calif., is a guest at the home of Dr. and Mrs. George Bringle.

Edward Hicks arrived Saturday at noon from Roodhouse for a visit with his parents.

Misses Georgia Hawk and Ella Hawk of Merritt were Saturday visitors in the city.

Judge Frank W. Barton who has been holding court here returned to his home in Carlinville today. He will return Monday to reconvene court.

Mrs. Emma Wallace who has been making her home here for several months has returned to Roodhouse. A number of ladies have organized a Red Cross society with Miss Margaret Bringle as chairman.

Mrs. Charles E. Neeley has returned to her home in St. Louis after a visit with C. W. Smith and family.

Miss Bertha Munze has returned to Roodhouse to take up her work as community nurse. She was called here several weeks ago by the illness and death of her sister, Miss Freda Munze.

BEFORE SUPPLY IS GONE Buy your clover hay from Cain Mills. Phones, 249.

CLUBS AND SOCIETIES The Woman's Missionary society of First Baptist church will meet with Mrs. T. O. Hardesty of Duncan Place Thursday afternoon at 2:30 o'clock. All ladies of the church and congregation are cordially invited.

The Ladies' Aid Society of State Street Church will meet Tuesday at 2 p. m. in the church parlors.

The Woman's Foreign Missionary society of Brooklyn M. E. church will meet Wednesday afternoon at the home of Mrs. J. W. Waller, on East Superior avenue.

The Missionary Union of Jacksonville will hold its semi annual meeting in Northminster church Friday afternoon at 2:30 o'clock. Miss Coale nurse for the Anti-tuberculosis society will address the meeting.

The Missionary society of Central Christian church will hold its regular meeting in the parlors of the church Friday afternoon at 2:45 o'clock. Subject, "Argentina," leader, Mrs. Nannie Rawlings. A full attendance is desired.

The Literary Union will meet Monday evening with Dr. David W. Reid. Subject, "American Chemists and the Dyesuffs Problem." Leader, Dr. W. E. Crouch.

The Woman's Foreign Missionary society of the Centenary church will meet at Mrs. W. H. Naylor's 459 S. East street, Friday afternoon at 2 o'clock.

The Monday Conversation club will meet Monday afternoon at Mrs. M. P. Dunlap. Topic, "Government in Illinois." Leader, Miss Dimmitt.

The last meeting of the year of the Wednesday club will be held this week with Mrs. Black.

The Trinity Guild will meet at Parish Hall Tuesday afternoon at 2 o'clock.

The Woman's Foreign Missionary Society of Grace Church, will meet Tuesday afternoon May 1st at 2 o'clock at the home of Mrs. Filson, 203 West Greenwood avenue.

The Reverend James Caldwell Chapter D. A. R. will hold their regular meeting Thursday afternoon, May 3rd, at 3 o'clock at the home of the regent Mrs. Black, 1303 West State street.

The College Hill Club will meet Monday afternoon April 30th, at 242 Prospect street with Mrs. De Motte and Miss Noyes as hostesses.

The Woman's Foreign Missionary society of the Congregational church will meet at the church Tuesday afternoon at 3 o'clock. The program will be in charge of Miss Georgia Fairbank and the hostess of the afternoon will be Mrs. C. J. Knapp.

NOBBY SILK SWEATERS IN ALL COLORS, REASONABLY PRICED AT HERMAN'S.

RETURN FROM SPRINGFIELD Mr. and Mrs. Thomas Harber have returned from a visit of several days in Springfield. While in the capital city Mrs. Harber was guest at the home of Mrs. Frank O. Lowden in honor of Mrs. Stafford, president of the state federation of Woman's clubs.

JOINT COMMITTEE TO REVIEW WATER REPORT Mention was made recently that the report of the state water survey on the local situation had been received by Mayor Rodgers. A copy is also in the hands of Joseph R. Harker of the citizens' committee. At an early date it is the expectation that the joint committee will hold a meeting to discuss the various suggestions contained in this extensive report which will then be made public.

WILL BUILD COTTAGE S. L. Perry, of Diamond Court, has purchased a lot on West Greenwood avenue, South Jacksonville, and will erect a modern cottage of five rooms. William Farrington has the contract for carpenter work.

Mr. and Mrs. Harry Overesch are in Jacksonville after a two weeks' wedding journey which took them to the south. They will make a brief visit with Mrs. Charles W. Brown before going to their new home in Lafayette, Ind.

RECRUITS ARE NEEDED FOR COMPANY B

Thirty Wanted to Take Place of Married Men Released From Service

Second Lieutenant Harrison Dickson is here for the purpose of enlisting men for Company B, to replace those discharged on account of dependent families. Two men accompanied Lieut. Dickson, and they will be at the Armory each day from 8 a. m. until 9 p. m.

With passage of the selective conscription bill Saturday it is not a question of whether a young man of military age desires to enlist. It becomes a compulsory proposition.

Lieut. Dickson said last night that it seemed to him that it would be better for all young men who are of the age and physical qualifications to enlist voluntarily rather than wait the conscription. Lieut. Dickson is of the opinion that men already in the ranks who have become proficient in military tactics have an excellent opportunity to get officers commissions as there will be need of a large number of officers to whip the army in shape.

Thirty men are needed to replace the married men discharged on account of dependent families. These men must come from Jacksonville and vicinity. The men are here and Lieut. Dickson is asking the question are they still going to hold back and join the colors when compelled to do so.

MATHIS, KAMM & SHIRE SAY: After all, it's not so much what is sold about those \$3.00 and \$4.00 white canvas boots for ladies, but it's the way they look and fit that makes them sell so readily.

PATIENTS AT CHESTER ATTACK ATTENDANTS

Timely Assistance From Dr. Stubblefield Saved Men From Serious Injury

According to a story published in the Chester Herald, prompt action on the part of Dr. Stubblefield saved three attendants at the state asylum there from serious injury or possibly death. Dr. Stubblefield, who was formerly on the staff of Jacksonville State hospital, and is now at Chester asylum, was assisted in his rescue work by a negro inmate of the hospital. The attendants had been locked up with the inmates and the three criminal patients who planned the attack had removed three window weights for the purpose. The negro patient mentioned saw the three attack the attendants and gave the alarm. Then he and Dr. Stubblefield were able to wrest the iron weapons from the patients. Two of the attendants attacked were made unconscious until the following day.

"NUMBER ONE CLOVER"

SUFFERED PARALYTIC STROKE.
Edward Strang, residing near White Hall, son of C. P. Strang of Murrayville and brother of Mrs. A. M. Masters of South Jacksonville, suffered a paralytic stroke Saturday and is reported in a critical condition.

CAID OF THANKS.
We wish to thank our many friends and relatives for the kindness shown during the illness, and after the death of our beloved wife and mother.
T. W. Roberts and family.

IMPORTANT MEASURES TO COME BEFORE HOUSE

Labor Interests Arrange for Action on Bills Limiting Power of Injunction in Labor Strikes—Opposition Based on Recent Request of Secretary Baker.

Springfield, Ill., April 28.—Labor interests in the legislature arranged today for action by the house Wednesday on the bills to limit power of injunction in labor strikes and proposing trial by jury in contempt of court cases.

The bills, now on first reading, will be brought up for amendment or advancement to the order of passage on that day by arrangement with Speaker Shanahan. Representative Allan J. Carter of Evanston is expected to lead the fight for the bills. Their opponents are expected to move to kill them speedily by striking out the enacting clause.

Those against the measures, it is said, will cite the recent letter from Secretary of War Baker to Governor Lowden in which legislatures were requested not to enact any new labor legislation during the war as the principal ground for opposition. It was this letter that opponents of the women's eight hour labor bill used in the industrial affairs committee last week in securing unfavorable recommendation on that measure.

The eight hour bill may be put before the house on Wednesday, also on the question of concurrence in the committee report. Representative Carter is expected to move that the committee's decision be overruled and the bill put on the calendar.

A busy week is ahead of the legislature. The governor's bill proposing creation of a state council of defense to co-operate with the national council, which was to have been passed last week but was delayed by absence of sixty members of the house Friday, will be gotten through early Tuesday and then the fight will begin on the bills to validate the community township high school law. This has been set as special order for Tuesday.

An attempt is to be made to get some sort of private bank bill acted upon by the house before the week ends. The governor and other administrative leaders are pledged to this program.

ANOTHER PLAN TO AID THE FARMERS

Judge W. E. Thomson has a letter from the Chicago Daily News outlining a plan of sending experienced men to the farm to help in the work of producing the greatly needed crops this year. A farm labor recruiting station has been opened by this paper, thru which it is planned to bring together farmers and men who are looking for employment, without any charge for the service. Judge Thomson has received blanks and will fill them out for any farmer who desires to take advantage of this possible method of secured farm workers. The farmer is expected to state whether he wants single or married man and to give facts about wages and other details.

GRADUATING DRESSES IN ALL THE DESIRABLE MATERIALS AND LATEST MODELS ON SALE AT HERMAN'S.

A. H. T. A. INITIATES ELEVEN CANDIDATES

Eleven candidates were received into membership Saturday afternoon at the monthly meeting of the Anti-Horse Thief association. One application for membership was received. The committee on revision of the by-laws made preliminary report and action was formally laid over until the next meeting. The new A. H. T. A. members are: John Drake, Thomas Coultas, Earl White, Alfred Anderson, George Cunningham, Dr. R. R. Jones, W. T. McKean, Thomas Casey, Charles Thompson, Clyde Cooper and P. A. Heneghan.

NOTICE

All those knowing themselves to be indebted to me for professional services will please call and settle or remit the amount at once, as I am endeavoring to close all of my outstanding accounts preparatory to leaving Jacksonville permanently in the near future.

James Almond Day, M. D.
Rooms 10-14 Morrison Block.

MEET AFTER MANY YEARS.

When W. C. Riggs went to his home Friday night he was very much startled to find a man asleep on a sofa. He at first thought of notifying the police but on investigation discovered that the intruder was his brother, J. E. Riggs, who has for many years been living near Seattle, Wash. The brothers had not met for nineteen years and naturally they are both enjoying the reunion.

FIRST QUALITY

Is the grade of clover hay Cain Mills have. Phone them for prices before the supply is gone.

CARNIVAL COMPANY DELAYS COMING

A telegram received last night from Granite City stated that Beth's United shows booked for a carnival here this week, is flood bound at Granite City. For this reason the company postponed the Jacksonville engagement for one week and will arrive in the city Sunday, May 6.

GIRLS WANTED

at once, for general laundry work. Experience not necessary. BARR'S LAUNDRY.

INJURED BY HORSE

J. L. McCormick of Pisgah is recovering from effects of an injury suffered recently while hitching a young horse. By a sudden movement the animal pressed him against the stable wall and the no bones were broken Mr. McCormick is still suffering from the bruises.

John Kumble was one of the city arrivals from Alexander yesterday.

TEACHERS IN FINAL INSTITUTE SESSION

Addresses Heard on "Social Degeneracy" and "The Unusual Child"

David Prince building auditorium presented an animated appearance again yesterday morning when the teachers of the county gathered to enjoy the second day's program of the county convention. Mr. Kritch of the conservatory and Mr. Blackett were unable to be present as announced and Miss Hoffman favored the gathering with a violin solo rendered in a manner which called forth great praise for her ability as a musician.

The first address was by Dr. Austin E. Wilbur of the Illinois Normal University on the problem of Social Degeneracy. The effort of the gentleman was able and heard with closest attention. He gave some of the causes of social degeneracy and emphasized the crying need for reformation. He attacked intermarriage of relatives and paid his especial respects to alcohol as the great cause of such a vast amount of ill health, delicate constitutions, impaired intellects and social decay.

He deplored the lack of restraint in the matter of marriage among delinquents whose progeny cause such great cost to the state and are a constant menace to society. He cited the noted case of Margaret, the mother of 650 criminals.

Dr. Frank P. Norbury was announced to make an address on the Exceptional Child but being unable to appear he sent his paper which was read by Dr. Doller. The paper was an able discussion of the child unlike his fellows. Some lack one faculty and some another and all call for special treatment. It is unfortunate that the deficient children whose lack is caused by a variety of conditions should be mingled with the normal and subject to competition which they are unable to meet. He offered many useful suggestions and ways in which the exceptional and unfortunate may receive much benefit.

Harmony lodge No. 3, A. F. & A. M., will hold a special meeting Monday evening at 7:30 o'clock. Visiting brethren welcome.
R. J. Farris, W. M.
John R. Phillips, Secy.

TWO SUITS FILED

Two suits were filed Saturday which will be heard at the coming term of the circuit court. J. R. Mendonsa has brought an action in assumpsit by his attorney, J. P. Lippenott, against E. L. Mendonsa. An indebtedness of \$4,600 is alleged. Bellatti, Bellatti & Moriarty have filed the principle in a suit in behalf of the Norbury Sanatorium Co. against Robert and Myrtle C. Mutch. This is a trespass on the case action and is for \$700.

William Brownlow of Chapin was a brief visitor in the city yesterday.

You Are Invited to the Demonstration to Begin Tomorrow--Lasts for One Week

Please consider this a personal invitation to visit our store during this unusual demonstration. It will interest you to see this masterpiece of the stove-building art in actual operation—to learn what a very simple matter it is to transform a perfect coal range into a splendid full-sized gas range—or vice versa. It will interest you to know of the various ways in which gas may be used to advantage at the same time coal or wood fire is burning in the same range—how really simple and safe this all-in-one range is—and many other features of vital importance in the matter of preparing well-cooked food.

Lady from Factory at Dowagiac, Michigan, invites the Opportunity of Showing

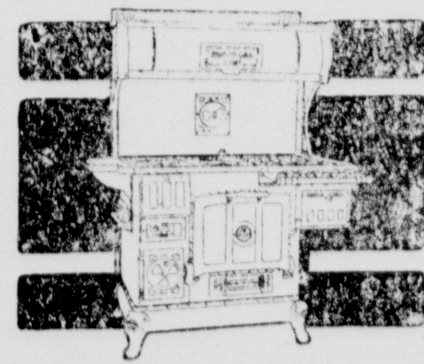

- 1—How the Round Oak 3-Fuel Combination Range may be successfully operated with coal, gas, or wood.
- 2—How it keeps the home warm and cozy in the bleak, cold winter.
- 3—How it assures a cool, comfortable kitchen in the stifling, hot summer.
- 4—How it saves room in the kitchen—and eliminates the messy job of blacking.
- 5—How its one large oven bakes perfectly with all fuels—now with coal—then with gas—or both together.
- 6—How a full-sized coal range and full-sized gas range are embodied—all-in-one.
- 7—How simple this combination really is—how quickly its operation is understood.
- 8—How the inventors have guarded against possible mistakes—how "fool-proof"—how safe it is in anyone's hands.
- 9—How the same fire box burns economically, both coal and wood without the usual change of fixtures.
- 10—How much less it costs than the two good and complete ranges it represents.

Special Inducements To Those Who Decide During Demonstration for Immediate or Future Installation of Round Oak 3-Fuel Combination Ranges

Realizing that no other article for the home is sold quite so much on the recommendation of satisfied users, arrangements have been made to sell a limited number, at prices considerably lower than those established as regular by the manufacturers. These inducements are offered for the sole purpose of getting a number of the ranges in use quickly—and apply only during the demonstration. Parties who decide on this range to be delivered later, will also be given every advantage of this special offer.

See the
Lady Baking
in Window
Tomorrow

If you need a new coal or gas range "sometime" surely you need it now! Why not exercise your good judgment by learning all about this unique range—by taking full advantage of the attractive inducements now in effect?

GRIGGSVILLE MAN BURIED SATURDAY

Funeral Services of Thomas Scott, Jr., Took Place in Afternoon—Lister Funeral Friday—Condition of Mrs. Doane Unimproved—Griggsville News Items.

Griggsville, April 27.—Mrs. Sam McKinney has returned to her home in St. Louis after a visit with her daughter Alma. At the close of school she will accompany the latter on a trip to Arkansas.

Mrs. Helen Freeman has returned to her home in Minneapolis after a visit with her parents, Dr. and Mrs. T. M. Watson.

Funeral services for Clarence Lister were held Friday afternoon at the Methodist church. Deceased was a patient sufferer from tuberculosis. He was 25 years old and leaves his mother, two sisters, Mrs. Stanley McKinney of this city, Mrs. Ethel Aiken of Perry and two brothers, Arthur and Elmer and a host of friends. His father died 22 years ago.

Thomas Scott, Jr., the oldest son of Mr. and Mrs. Tom Scott died Thursday from tuberculosis. Deceased was 29 years old. He leaves four brothers and two sisters, besides his parents. Funeral services will be held Saturday afternoon and burial will be in the Griggsville cemetery.

Miss Maudie Howell of Quincy is visiting Mr. and Mrs. John Craven, Jr.

Mr. and Mrs. Otis Petty spent Wednesday and Thursday in Pittsfield with Mr. and Mrs. Dave Vannatt.

Mr. and Mrs. Little of Pittsfield were here to attend the funeral of Clarence Lister.

Miss Amanda Moss has registered to be a Red Cross nurse and will accept the call of her country.

Mrs. Lulu Godfrey of Ohio is here with her daughter for a visit with her parents, Mr. and Mrs. Gerard.

Mr. and Mrs. Ralph Doane of Perry were here this week at the bedside of his mother, Mrs. Vol Doane who still remains in a critical condition from paralysis.

Miss Alice Miller of St. Louis will arrive here this week for a visit with her parents, Mr. and Mrs. James Miller.

Mrs. Lester King and little son left today for Quincy for a visit with her sister, Mrs. Minney Snyder.

GIRLS WANTED

at once, for general laundry work. Experience not necessary. BARR'S LAUNDRY.

A RARE BARGAIN.

We have for sale in the suburbs an 8 room house in excellent condition, with large well shaded yard, new poultry house and other outbuildings, an excellent barn, considerable fruit and good fences, 2 full acres of the very best land, and it can be bought for \$2750—about the cost of the house. Terms, \$1,000 cash, or other property worth that sum, and mortgage for the balance. A good gardener or poultry raiser can make a living for his family out of this property. Suppose you call and see us about it, personally. People who mean business will not phone.

This ad will not appear again.

WHITE HALL PLANS NEW POSTOFFICE BUILDING

Lease on Present Quarters Expires August 1—Appointment of W. S. Cora to Advisory Post in Agricultural Department was Unexpected—Other Greene County News.

White Hall, April 28.—The patriotic parade scheduled to be held in White Hall today was drowned out, and the event has been set for next Saturday. It had been arranged to have a martial band from Greenfield to head the G. A. R. section of the parade, and this attraction will doubtless be forthcoming on the postponed date next Saturday. The address by Elder E. S. Wendell will be a drawing card. Mr. Wendell is a great thinker and observer, and aside from being a rapid-fire and effective speaker is a debater of wonderful ability. His engagement is at the invitation of the White Hall Soldiers' Monument association.

The order posted by the postoffice department for bids for new quarters for the White Hall postoffice has started a movement for the erection of a building for this special purpose on the vacant lot at the corner of Sherman and Jacksonville streets, owned by T. A. Kessinger. It is said that Mr. Kessinger is very much interested in the proposition and that there are other parties interested who are abundantly able to put the proposition over in a way that will be a credit to the city. Part of the idea is to arrange with a local secret order for enlarging the plans. The lease on the present quarters in the Grange block does not expire on August 1st, and there is plenty of time for planning and drawing up plans that will be acceptable to the postoffice department.

Frank Bridgewater and Frank Frech are negotiating with A. J. Barnett for an interest in the Superior Flour Mills. This is an important local enterprise, and the addition of these men to the firm will add immeasurable strength. Mr. Frech is one of the best known millers in the state, and was financially interested in the White Hall enterprise until it was bought by A. J. Barnett two years ago.

Appointed by Governor.

The appointment of W. S. Cora by Governor Lowden to an advisory capacity in the state agricultural department came as a surprise to the noted White Hall resident. Mr. Cora left Friday night for Chicago, and will return Monday. Asked about his new state honor he stated that "he is in the swim very unexpectedly," and that he appreciated the recognition from Mr. Lowden very much, although he has not had time to acquaint himself with the reorganization of the department. Mr. Cora holds many places in agricultural and live stock organizations in the state and nation. Since receiving his new honor he entertained quite a delegation of farmers and live stock men from the vicinity of Murrayville at his office in town. Mr. Cora is proprietor of Gregory Farm, and in the past six years has attained the distinction of being one of five leading stock breeders of the country. Since the outbreak of the European war, which stopped the shipment of Percheron stock to such an extent that White Hall has become familiarly referred to as "the France of America."

Miss Della C. Foley, court stenographer, was in town Friday on her way home to Carrollton from Winchester.

F. D. Hackney is here from New York City for a sojourn of a week or ten days. He is prominently identified with the clothing business and always enjoys getting back among old home friends.

W. H. Harrison came down from Canton to accompany his wife's parents, Mr. and Mrs. Vos Coates to Canton, where they will reside with Mr. and Mrs. Harrison.

A recent visit of a White Hall boy who has become a prominent book publisher is that of J. E. Stanton of Chicago. As a boy Stanton became a book auctioneer, which business he followed on a salary for several years, finally taking on a line on his own account. Following this he became financially interested in the book publishing concern of Thompson & Thompson of Chicago, and on the reorganization of this concern to the Chas. C. Thompson Company a little over two years ago.

Mr. Stanton was made vice president at the close of business in 1915 he was elected to the presidency by virtue of holding a controlling interest and he soon sold out the Thompson concern and became president of the Stanton and Van Vleet Company which position he now holds and of honor and influence in the book publishing world.

Wanted—Boys over sixteen years of age to work in clothing factory—steady work and good wages. Apply at office J. Capps and Sons, Ltd.

Word has been received from Mrs. Hartmann that her former pupil who was also instructor at Illinois Woman's College, Miss Louise Miller appeared as soloist with the Minneapolis Symphony at the St. Joseph, Missouri, Musical Festival. She sang a group in the concert Friday afternoon and an Aria "Caro Nome" from Rigoletto with the Orchestra Saturday evening, April 28, with the greatest of success.

For the past year, Miss Miller has been teaching in St. Joseph and is the soprano of the famous Presbyterian church and in the Synagogue there. She also trains the Junior choir for the Congregational church.

NOTICE!

Owing to unavoidable delays the special cleanup work in the city will not begin until May 1. J. EDGAR MARTIN, Commissioner Public Health and Safety.

C. W. B. M. CONVENTION AT CHAPIN CHURCH

Sessions Scheduled for Wednesday and Thursday at Christian Church Promise to be Profitable Ones—Miss Funk Delegate to Rehekah Convention—Chapin News Notes

Chapin, Ill., April 28.—The C. W. B. M. will be held next Wednesday and Thursday at the Christian church. Meals will be served both days at the church. The committees are as follows:

Soliciting committee—Mrs. Frank Blair, Mrs. William Brownlow, Misses Ruth Funk, Adelia Hamilton and Ruth Hutches.

Table committee—Mrs. James Hutches and Mrs. H. Bridgman. Table waiters—Gleaners' class of the Christian church Sunday school.

The high school meet, which was to have been held Friday at Griggsville, was postponed until Saturday, May 5, on account of the unfavorable weather.

Mrs. B. J. Taylor entertained Mrs. Robert Clark and Mrs. Alma Dickins one evening recently.

Mr. and Mrs. John Onken were Winchester visitors recently. Miss Caroline Johnson was a Jacksonville visitor one day the past week.

Mrs. Robert Clark and son returned recently from a visit of several days with the former's sister, Mrs. William Phillips, near Jacksonville.

Mr. and Mrs. B. J. Taylor have moved into their new home in the north part of town.

Miss Ruth Sentney has purchased property in the north part of town, formerly belonging to Mrs. J. H. Fountain.

Mrs. William Edelbrock was a Jacksonville visitor Thursday.

Dr. Fred Eller and wife were Jacksonville visitors recently.

Andrew Allen and family motored to Jacksonville Thursday.

Mr. and Mrs. Wood of Galesburg with the assistance of some of the young people here, gave an entertainment at the M. P. church Friday evening. The program was very much appreciated by those present.

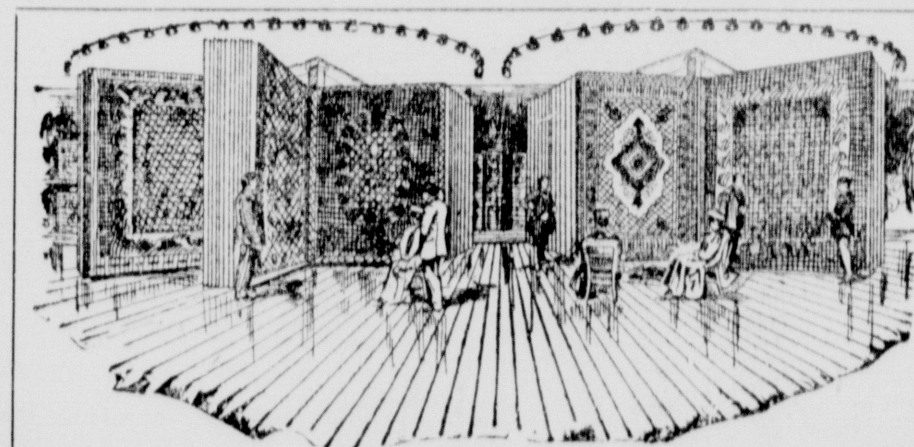

At the regular meeting of Rehekah lodge held recently Miss Ruth Funk was named a delegate to the fifth district convention to be held in Springfield in May.

STEREOPTICON LECTURE. A lecture on "The Forerunners of the Reformation," Part 1, will be given by Rev. J. G. Kuppier at the Salem Lutheran church Sunday evening. Interesting scenes will be portrayed on canvas of the Passionate Christ, the claims of the pope, the Waldensian missionaries, the Inquisition, the life and work of John Wicliff and Jervine Savanarolo, etc.

Everybody cordially welcome.

R. C. Luly of the Luly-Davis Drug company arrived in the city yesterday on business connected with the store. He was accompanied by his wife.

**SOX DEFEAT TIGERS IN
FOURTEENTH INNING****YOUNG'S FUMBLE GIVES CHICAGO VICTORY**

J. Collins Starts Rally in Fourteenth
With a Base on Balls, Goes to
Second on Weaver's Bunt and
Scores When Young Boots E. Col-
lins' Grounder

Chicago, April 28.—Young's fumble of E. Collins' grounder in the fourteenth inning gave Chicago a 2 to 1 victory over Detroit today, in the first game of the series. It was Chicago's fourth straight win from Detroit.

J. Collins started the rally in the fourteenth inning with a base on balls. He went to second on Weaver's bunt and scored when Young booted E. Collins' grounder. The game had been a pitching duel between Coveleskie and Scott, and when each club sent in its relief pitchers, the pitching duel continued.

The feature of the game was a lightning double play in the fourteenth inning when E. Collins speared Heilmann's line drive and tossed to Risberg, doubling Cobb off second and retiring the side.

Score: AB. R. H. O. A. E.

**PEORIA HIGH SCHOOL
WINS BRADLEY MEET**

Score 27 Points—Bowen High of Chicago and Peoria Manual Tech for Second with 26 Points Each.

Peoria, Ill., April 28.—Athletes representing Peoria High School won the thirteenth annual Bradley Institute interscholastic meet here today, scoring 27 points. Bowen high school of Chicago and Peoria Manual High school, were second with 26 points each.

Downing running under the colors of Bowen High, Chicago, was the individual star, carrying away first place in five events, the 50, 100, 200 and 440 yard dashes and running broad jump. It was the most points ever scored by an individual at a Bradley interscholastic meet.

Despite the heavy track Harman of Peoria High shattered the record in the second race of 440 yard run with a mark of 55.25.

Points were divided as follows:
Peoria High 27
Bowen High 26
Peoria Manual 26
Bradley Academy 16
Washington 8
Eureka 5 1-2
Delevan 5 1-2
Grand Prairie Seminary 5
Bradford 4
Normal University High 3
El Paso 2

**PENNSYLVANIA AND CHICAGO
CARRY OFF FEATURES**

Philadelphia, April 28.—The University of Pennsylvania and Chicago University carried off the feature events today in the annual carnival of relay races and field sports on Franklin field.

The eastern college twice snatched victory from Western institutions right at the tape, winning the two mile relay championship of America by scant yard from Notre Dame and taking the one mile relay American title from Missouri by the running of Lennon the Quakers' anchor man. Chicago men had little trouble in capturing the four mile relay national championship altho Massachusetts Institute of Technology several times threatened the Western team.

**ASKED COMMISSION
TO PASS ON RULE**

Chicago, April 28.—The Bloomington Club of the Three I League sought to have the National Baseball commission pass on the legality of the five "rookie" rule now in effect in the league. It was revealed tonight in correspondence turned over to President Tarnsey by John P. Bruce, secretary of the commission.

CHICAGO DEFEATS OHIO.

Chicago, April 28.—Four home runs and three triples were made in the conference game between Ohio State University and the University of Chicago today, Ohio winning 8 to 6.

Score: AB. R. H. O. A. E.
Ohio: 8 12 2
Chicago: 6 8 1
Batteries—Hussey, Putnam and Jones and Hart.

WILL NOT HOLD MEET.

Philadelphia, April 28.—The annual championship meet of the Intercollegiate association of Amateur Athletes of America which was scheduled for Franklin field, May 26 will not be held this year because of the war.

HOLMES SIGNS AS UMPIRE.
Chicago, April 28.—Howard "Ducky" Holmes of Dayton, Ohio, a former player and umpire in the Central League was signed tonight to umpire in the Three I League. President Tarnsey plans to start the season with six umpires.

John Wiegand of Alexander was a caller on city friends yesterday.

**TYLER ALLOWS CHAMPS
ONLY THREE SAFETIES****BOSTON BRAVES SCORE A 2 TO 0 VICTORY.**

Pfeffer Batted Safely Ten Times, but only in Two Innings Were the Braves Able to Bunch Enough Hits to Score / Runs—Flies Down Giants.

Brooklyn, April 28.—Tyler held the champion Brooklyn to three hits today and Boston scored a 2 to 0 victory. Pfeffer was batted safely ten times, but only in two innings were the visitors able to bunch enough hits to score runs. They made three hits for one run in the first and four hits for another in the eighth. Meyers and Miller were the only Brooklyn batters to solve Tyler's curves.

Cincinnati: 000 000 000—0
Pittsburgh: 010 000 10X—2
Batteries—Sanders and Wingo; Grimes and Fischer.

NOTE TO RETAIN ATHLETICS.

Peoria, April 28.—With less than half a dozen votes missing, colleges and universities of the Little Nine teen minor college conference of Illinois show a small majority in favor of retaining athletics for the remainder of the college year. The vote is expected to be complete early next week.

BEARDSTOWN WINS MEET

Galesburg, Ill., April 28.—Beardstown High school lead a field of 128 athletes from twenty-two high schools today in the interscholastic meet at Lombard College with 23 points. Lagrange was second with 18; Elmwood third with 15; St. Alb fourth with 11 and Jacksonville fifth with 8 points.

BRAVES RELEASE SNODGRASS.
Boston, April 28.—Fred Snodgrass, outfielder of the Boston National League club has been given his unconditional release. It was announced today. Snodgrass came to Boston from the New York Nationals in 1915. His contract which called for \$6,000 a year, it is said, expired this year and rather than sign at a lower figure, he decided to go

into the automobile business in Los Angeles, Cal.

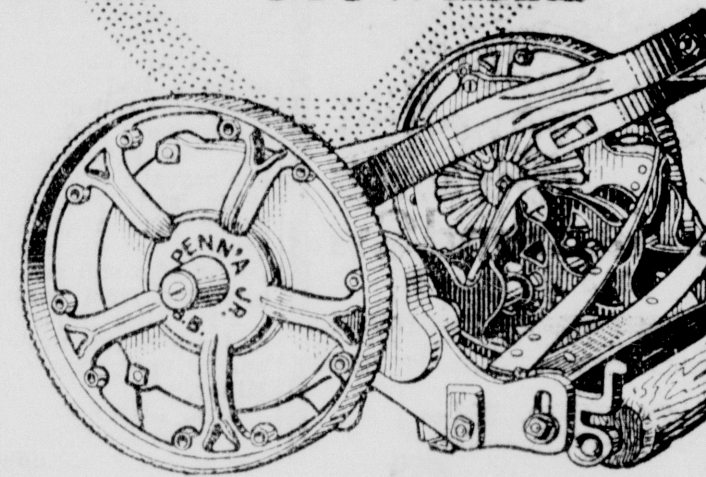

INDICT EDITORS

Bismarck, N. D., April 27.—Sam Clark, editor of Jim Jam Jems, was notified today that he and C. H. Crookard, his associate, have been indicted by the federal grand jury sitting at Fargo for alleged violations of postal laws.

Back of this season's new Overland Big Fours and Light Sixes are a direct line of nine preceding models from which they were developed.

They directly continue the line of models that made the Overland name stand in the public mind for integrity of value.

Overland policy has steadfastly sustained that integrity of value in the car throughout its entire service in the hands of owners.

Over three hundred thousand of these cars are now in use and the helpful suggestions of their owners and of the more than four thousand dealer and factory-branch organizations that sold and served them, are largely responsible for the balanced greatness of this season's Big Fours and Light Sixes.

Their new beauty, their perfected easy riding qualities, their proven sturdiness and mechanical excellence, their admitted tire, fuel and oil economy make them worthy of the confidence we enjoy, that they will still further enhance Overland prestige.

They embody the wisdom of the unmatched Overland experience in building cars of this type.

They are dominant values, cars of proven dependability and sterling worth.

As long as we have them for delivery before May 1st, the prices are \$850 for the Big Four, \$985 for the Light Six—thereafter \$895 and \$1025.

BANISHED—Pimples, blotches, sores,
humors, and eruptions
by Dr. Pierce's Golden
Medical Discovery. For
a poor complexion and
for the poor blood that
causes it, this is the best
of all known remedies.
In every disease or dis-
order of the skin or scalp,
in every trouble that
comes from impure blood,
the "Discovery" is the
only medicine sold that
does what it promises.
Scrofula in all its various
forms, Eczema, Tet-
ter, Salt-rheum, Erysipelas, Boils, Car-
buncles, Enlarged Glands and Swell-
ings, and every kindred ailment, are
benefited and cured by it.

Cut this out and mail to us with the
name of the paper—we will mail you
free a medical treatise on above dis-
eases. Address Dr. Pierce's Invalids'
Hotel, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate
and invigorate stomach, liver and bowels.
Sugar-coated, tiny granules, easy to take
as candy.

Backache

In spite of the best care one takes
of oneself, any part of the human machine
is liable to become out of order. The
most important organs are the stomach,
heart and kidneys.

The kidneys are the scavengers and they
work day and night in separating the
poisons from the blood. Their signals of
distress are easily recognized and in-
clude such symptoms as backache, de-
pressions, drowsiness, irritability, head-
aches, dizziness, rheumatic twinges,
dropsy, gout.

"The very best way to restore the
kidneys to their normal state of health,"
says Dr. Pierce, of Buffalo, N. Y., "is to
drink plenty of pure water and obtain
from your favorite pharmacy a small
amount of Anuric, which is dispensed by
almost every druggist." Anuric is inex-
pensive and should be taken before meals.
You will find Anuric more potent than
lithia, dissolves uric acid as water does
sugar.

A Free Prescription You Can Have
Filled and Use at Home

Victims of eye strain and other eye
weaknesses and those who wear glasses,
will be glad to know that according to
Dr. Lewis there is real help and help for
them. Many whose eyes were failing say
they have had their eyes restored by this
remarkable prescription and many who
once wore glasses say they have thrown
them away. One man says, after using it:
"I was almost blind. Could not read at
all. Now I can read ever-
thing without my glasses, and my eyes
do not hurt any more. At night they would
burn dreadfully. Now they feel fine all
the time. It was like a miracle to me."
A lady who used it says: "The annoy-
ance seemed to have left me without
glasses, but after using this prescription
for fifteen days everything seems clear.
I can read even the print without
glasses." Another who used it says: "I
was bothered with eye strain caused by
overworked, tired eyes, which induced
fierce headaches. I have worn glasses for
several years, both for distance and work,
and without them I could not read my
own name on an envelope or the type
writing on the machine before me. I
can do both now and have discarded my
long distance glasses altogether. I can
count the fluttering leaves on the trees
across the street now, which for several
years have looked like a dim green blur
to me. I cannot express my joy at what
it has done for me."

It is believed that thousands who wear
glasses can now discard them in a reason-

**PROSPERITY PREVAILS
IN FRENCH WAR ZONE**

People Far Removed From Starva-
tion Despite Havoc Wrought by
German Invasion—Vast Floating
Population of British Soldiers is
Secret of Present Condition

Behind the British lines in
France, April — (Correspondence
of The Associated Press) — When
the German invasion swept
thru Belgium and into France,
thousands of the inhabitants fled
before it, leaving their property to
the mercy of the invader. The tide
was stemmed and made to ebb, but
in its backward rush still more ma-
terial damage was done, and now,
after two years and more of French
warfare, the country behind the
British lines consists of a broad belt
of blackened and pitted fields, shat-
tered woods, and damaged build-
ings, where once lay a region of ag-
ricultural peace and plenty.

Yet it is surprising to find, amid
all this apparent ruin, that the popu-
lation is enjoying a prosperity as
great, and in many cases greater,
than in peace times.

Many of the old inhabitants have
gone, it is true, but a large propor-
tion have stayed behind, in spite of
the perils and restrictions which
proximity to the trench area involve
and, tho the battle of war has put
an end to many of their wonted dai-
ly avocations, starvation is far re-
moved from the door even of the
nearest dwelling place.

The vast floating population of
soldiers is the secret of the war
zone's prosperity. The soldiers, mean-
able and willing to pay good cur-
rency for services rendered, have
filled the remaining population
with opportunities of which the
people have not been slow to avail
themselves. Tho at any moment death
may swoop out of the skies, claim-
ing as its victims soldier and civil-
ian alike, there is money to be
earned by those who care to run the
risks, and work is to be had for the
asking at profits undreamed of in
peace times. Moreover, the greater
the risk, the greater the trade and
the higher the prices. It is true
the trade is kept well in hand by the
stringent measures of control en-
forced by the authorities. The sale
of spirits is sternly suppressed and
disobedience is punished by the
suppression of the house.

Anywhere in the war zone in
France, a cup of coffee and an om-
lette can generally be obtained at
a reasonable cost, and many of the
houses have notices in their win-
dows announcing "bacon and chips"
at moderate prices. Almost every
house contains something for sale,
ranging from a modest store of
chocolate and picture postcards to
the full stock-in-trade of a well-
equipped village store.

Another very profitable occupa-
tion in the war zone is lace-making.
The women behind the northern
part of the line make lace as good
as can be bought anywhere in the
world. It can be obtained either
in lengths for trimming purposes or

made up in the form of dainty hand-
kerchiefs, caps or aprons. All day
they work at the windows of their
cottages, old women and young girls
heedless of the guns which often
thunder around them. The laces
are eagerly bought by British sol-
diers mindful of their women-folk at
home, and often orders have to be
placed weeks ahead. The prices
charged leave a good margin of pro-
fit.

Plenty of other means of liveli-
hood are open to any who care to
take advantage of them. Road re-
pairing absorbs the energies of ev-
ery available man or boy, and for
the women there is good money in
washing or mending clothes. The
British soldier is inclined to be par-
ticularly about his wearing apparel,
and the neatness of the Frenchwomen's mending is a never-ending
source of delight to him.

Then billeting brings in some
good returns. Thousands of soldiers
are billeted in houses and barns be-
longing to the local population, and
tho the presence of soldiers in their
houses causes some inconvenience,
the people are far from showing any
resentment. In addition to the rent
paid them, other emoluments accrue
from the sale of dainties and the
performing of little services for the
guests. The mayor of each commu-
nity superintends the billeting and se-
cures fair compensation for any
damage done to property in the oc-
cupation of troops. That the work-
ing arrangements are generally
equitable is shown by the popularity
of the British soldier on all parts
of the line.

WOMEN IN THE NEWS

The American Association of Col-
legiate Alumnae which recently held
its convention in Washington has
taken its place in the Pan-American
movement by creating a fellowship for
Latin American women wishing to
come to this country for advanced
study and research insuring admis-
sion to one of the institutions be-
longing to the Association.

Princess Mary of England who cele-
brated her 20th birthday Wednes-
day of this week is a typical English
beauty, tall, stately, very fair, and
with the traditional pink and white
skin, which is the glory of England's
beautiful women. As the only daugh-
ter of King George, she is not only
the pet of the royal household, but
very much also the one of all Eng-
land. However, with all her beauty
and position, the war has made
Princess Mary, or May, as she is
often called a sort of "poor little
rich girl." Precisely because of her
high station she has been expected
to give English girls an example of
restraint and simplicity of living
and the usual brilliant festivities
which are a feature of the life of a
British princess of her age have
been foregone. Her coming out party
was omitted when she was sixteen
and her life for the past two years
has been of a seriousness far beyond
her years with its chief activities
wholly absorbed by war relief work.

A few days ago the young princess
attended the great service at St.
Paul held to celebrate the entrance
of America into the war.

Can you imagine 10,000 people
from 20 years of age to 70 odd,
sending their backs every night over-
reading, "rithing and rithmetie"? If
you can, you will realize something
of what is going on in the 1200
moonlight schools of Kentucky, and
what one courageous and indefatig-
able little woman has done of the
illiterate people of her state. These
schools were established two years
ago thru the effort of Mrs. Cora Wil-
son Stewart, for whom has been
created the position of president of
the Kentucky Literacy Society. It
is her duty to see that these schools
are conducted free of charge to the
pupils. Her motto is "No illiteracy
in Kentucky by 1920."

The general reading public prob-
ably was made rather tired the past
week by stories of Marshall Field III
who enlisted in a Chicago Cavalry
regiment. The fact that Field did
not know how to answer when his
name was called does not seem to
be worthy of a press telegram.
Probably hundreds of other rookies
have made the same mistake but no
word was sent broadcast thruout the
country of the fact. Young Field
commands the respect and admira-
tion of all true Americans for join-
ing the colors but he is a private just
the same as the boy who came from
the farm or the machine shop and he

mistake and move.

The marriage on May 15 next of
Miss Nona McAdoo, daughter of the
Secretary of the United States Treas-
ury to Ferdinand de Mohrenschildt,
second secretary of the Russian em-
bassy at Washington, will make
"dear enemies" of two chums who
have been the figures in the most
conspicuous girl friendship in the
capital since the days of Alice Roose-
velt and Marguerite Cassini, daugh-
ter of the Russian Ambassador. By
becoming the wife of a Russian dip-
lomate, Nona McAdoo, if she lives
strictly up to diplomatic etiquette in
war time, will have to stop speaking
altogether to her dearest chum, the
former Catherine Brinton, who was
last year to Prince Alfred, son
of Hohenzollern-Schillingfurst, secretary
of the Austrian Embassy and more
recently connected with the Austrian
consulate at San Francisco. Diplo-
mats of nations at war do not speak
or in any way recognize one another's
existence, and as the wives of Rus-
sian and Austrian diplomats, respec-
tively, Mme de Mohrenschildt and
the Princess zu Hohenzollern-Schilling-
furst will be forced to ignore each
other. The departure of the Austrian
ambassador and their wives from Wash-
ington following upon the rupture of
diplomatic relations with this coun-
try removes the danger of awkward
social situations in the case, but
friends of the two young women are
nevertheless much concerned over
this other "diplomatic rupture" of
an exceptional friendship. For more
than four years the two were insepa-
rable.

Representative Kirby of Menard
county has introduced a bill in the
legislature to put the ban on high
heeled shoes for women. Mr. Kirby
furnishes a living example of that
old adage that, "Fools rush in where
Angels fear to tread."

MAVERICKS

Man wants but little here below
Was sung in days of yore,
But now when he gets a little
He wants a little more.

Flour and coal are about tied for
the high jump record.

Everybody seems to be kicking
Champ Clark's dawg around.

Billy Mason says President Wilson
is afraid that if Roosevelt is sent to
Europe with an army that while he
is spreading democracy in Europe
he will raise hell with democracy in
the United States. Well, once upon a
time Teddy raised that same thing
with republicanism.

Enjoying Themselves
Cal Smith's children are getting
along nicely with the measles.—
Barry Adage.

The dispatches tell us of a man
named Catt who is a dog trainer.
Which goes to show that there is
nothing in a name.

We're rather short on spuds and
beans
And hogs are selling high.
But there's no use in getting scared.
There will be plenty by and by.

An exchange headline says, "Prod-
uct Convict in Garbage Can," what-
ever part of the anatomy that is.

The government is going to ask
editors to preach conservatism thru
the columns of their papers. We
know of no one better qualified to
preach conservatism than the av-
erage editor of a small weekly paper.

MUSICAL PUBLICATION HAS ITEMS OF INTEREST

"The Keynote" Issued in 1895 by Tindale, Brown & Co., has Accounts of Commencements and Pictures of Graduates—Story of Great Abbe Liszt Recalled.

J. P. Brown, the music dealer, has kindly loaned the Journal a copy of "The Keynote," a monthly musical publication issued by Tindale, Brown & Co. It is Vol. 1, No. 5, June, 1895. Needless to add, it is a musical magazine published by the well known firm and contains a good many items of interest. Naturally at that season of the year commencements were ripe and attracting the Hon's share of attention. That of the Jacksonville Female Academy took place with a good list of diploma takers. A page is given to the pictures of the graduates of the Academy and Conservatory and they are Misses Agnes Chambers, Inez Grace, Clara Robb Brown, Agnes Dessot Sears, Mabel Matton King, Eleanor Louise Fell, Anna Watson Lambert, Estella Grace Walker, Margaret Olive Black, Mabel Hall Coltra, Grace Bailey and Myrtle Hixox.

Another page is devoted to the pictures of the graduating class of Illinois Female College and College of Music. They are Misses Eleanor Boston, Cora Graham, Bertha Reed, Grace Ward, Eunice Slater, Amelia Bourne, Eva Davenport, Ione Kuechler, Edith Crum, Margaret Jones, Florence Purviance, Mary Loan, Grace Buxton, Myrtle Henry, Louise Bailey, Eldella Wood, Alice Plouer.

Recital of Miss Nolte's Pupils. A young lady of this city, highly esteemed for her good personal qualities and capabilities as an instructor in music was Miss Clara Nolte who had classes. A recital of her pupils is mentioned and among the names are those of Misses Lucy Palmer, Flavia Duffy, Helen Sturtevant, Lena Fox, Lillian Robertson, Georgia Fairbank, Emma Daniels, Mrs. J. B. Johnson, Messrs. M. L. Robinson and Fred Fairbank.

The publishers were elated over securing the services of Prof. J. W. Munroe, an accomplished violinist who would lead the opera house orchestra and teach pupils with orchestral instruments.

An article mentioning proposed summer vacation places speaks of Prof. J. H. Davis of the conservatory, also Miss Meek and Miss Taliferro, Miss Rhoades, Mrs. Lottie Greenleaf, Miss Susan Draper, Prof. W. P. Day, Prof. H. M. Grist, Miss Dickson, Miss Phoebe Kreider. It was also mentioned that Theodore Thomas would go abroad with his wife in search of a much needed rest.

The recent death of Prof. Grist brings up the following story told by him of the great Abbe Liszt.

When quite a young man Liszt married the daughter of a very rich jeweller and this is how it came about.

Stranger Asks Assistance. Liszt had given numerous concerts in the cities of Germany and at last arrived in Prague. The day of his arrival a stranger called upon him. He was an old man whose appearance indicated poverty and suffering. The great artist gave the poor man a more cordial reception than he perhaps would have given a noble lord. Encouraged by the reception the old man said: "I come to you as a fellow artist. I am old, broken down, burdened with a family and we have pupils. I have had a lawsuit and the expenses have consumed everything and I am totally without resources."

"And you have come to me," said Liszt. "You did right. I will assist you." Pronouncing these words Liszt opened the drawer of his escrow and nothing that it contained only three ducats he summoned his servant. "Where is the money?" "I warned Monsieur yesterday that the finances were almost gone," replied the valet.

"You see, my dear friend," said Liszt, "that I am no richer than you. But I can give you something of value to sell," and he took from his pocket a miniature portrait set in diamonds and gave it to the poor man, saying "Take this to a jeweller and the proceeds are yours."

After many thanks the poor man retired and went to his nearest jewelry store to dispose of the diamonds.

The jeweller seeing he miserably dressed man so eager to part with the diamonds thought they had been stolen and called in the police to arrest the thief.

Thought Him a Sorcerer. The prisoner wrote to his benefactor to ask his assistance and Liszt went immediately to the jeweller and explained the situation. "But Sir, you are sure it is Liszt?" "I know of no financier of that name," said the jeweller. "Do you know Sir, these diamonds are worth 2000 ducats? You must be a millionaire to make such presents."

"No," replied Liszt, "I have only to move my fingers and I can make as much money as I wish." "Are you a sorcerer then?" asked the jeweller. "I will show you," said Liszt, and stepping up to the piano he began to play the most fantastic improvisations of which he was a perfect master.

While he was playing a young and lovely girl entered and listened with rapt attention till the piece was finished; then she exclaimed, "It must be Liszt; no other person could play so."

"You know him then?" said the jeweller to his daughter. "It is the first time I have had the honor of hearing him or seeing him," she replied.

Liszt was struck by her beauty and admiration for his music and remained to supper. The honors of the repast were done by the amiable girl who showed herself not less touched by the generosity of Liszt than amazed by his talent.

In the evening after the poor prisoner had been released the musicians of Prague assembled to render the illustrious artist.

Liszt remained in the city and so ends my story.

CAMPS OPEN MAY 8 FOR TRAINING OF OFFICERS

Every Effort Being Put Forth to Obtain Recruits—Location of Camps—No Obligation to Serve Beyond Three Months Period Except as Commissioned Officer.

Chicago, April 28.—General Thomas H. Barry is bending every energy to obtain recruits to take officers training camps which open May 8. The response already has been large but General Barry said that every man who feels that his experience and other qualifications would make him a good officer should answer the call.

General Barry said that he would appreciate greatly the co-operation of newspaper publishers in giving all consistent publicity to the attractions and advantages of the scheme. He has issued a pamphlet which is being widely mailed giving complete information on the subject. Camps will be located as follows:

At Fort Benjamin Harrison, Indiana. Two camps under one command, one for Ohio and one for Indiana and Kentucky.

At Fort Sheridan, Ill. Two camps under one command, one being for Illinois and the other for Michigan and Wisconsin.

At Fort Snelling, Minn. One camp for Minnesota, Iowa, North Dakota, South Dakota and Nebraska.

At Fort Riley, Kansas. One camp for Missouri, Kansas, Colorado and Wyoming.

Those eligible to attend officers schools in these camps are limited to reserve officers and candidates for appointment as such in the following branches:

Infantry, Cavalry, Field artillery, Coast artillery and Engineers.

Course to Last Three Months.

The course will last three months. At each camp it is planned to train officers for a full division and one additional cavalry regiment. The maximum number of attendants at each camp will be 2,500. The students will be required to take an enlistment oath for the three months course only, but must agree to accept such appointment in the Officers Reserve Corps as may be tendered them by the secretary of war.

The oath imposes no obligation to serve beyond the three months period except as a commissioned officer of the Officers Reserve Corps. Pay of officers depends upon future action of congress.

Under the national defense act General Barry said the candidate would be under no expense while taking the course. The war department will also bear the expense of transportation. Uniforms and everything needful in equipment will also be provided by the department. However as the supply of uniforms is already inadequate, candidates able to do so are urged to provide their own uniforms, two blankets, and necessary toilet articles before entering camp.

Experience Not Required.

Previous military experience is not required of applicants. There will be no oral written or practical examinations but each applicant will be questioned as to character and sobriety; personality, address and force; reputation, education and whether he is likely to command the respect of officers and enlisted men.

General Barry has obtained the co-operation of the Military Training Camps Association of the United States Central department which is organized in 600 cities and towns. Applicants can obtain full information as to the procedure of joining the camps, or they may obtain it by writing directly to Gen. Barry at Chicago, Gen. Barry said. "The camps must open on May 8, the remaining time is short. Only by the most complete co-operation of all concerned can the department bring together and start to train the necessary number of qualified men to secure the 'First Ten Thousand' to officer the first half a million troops to be called to the colors."

Following is a list of officers of the Military Training Camps Association of the United States, Central Department, co-operating under direction of military headquarters in establishing officers' training camps.

mode daily visits to the home of the jeweller who was overjoyed when he perceived that the great artist was attracted to his daughter.

The young lady was disposed to fulfill the wishes of her father and one day the jeweller said to Liszt, "How do you like my daughter?" "I love her," replied Liszt. "What do you think of marriage? I can give my daughter a fortune of a million." "I accept her and thank you with a grateful heart."

The nuptials were celebrated and so ends my story.

A Warning to Coal Users

(From Chicago Post)

George E. Cushing, editor of Black Diamond, a leading coal magazine, has issued a warning to Chicagoans to buy their next winter's coal this summer, or pay \$10 a ton when the snow flies again. He predicts a coal famine in Chicago not later than August 1, which will extend thruout the next winter and be worse than that of the winter just closed.

STATE HISTORICAL SOCIETY TO MEET SOON

Annual Sessions Will be Held in Springfield May 10 and 11—Well Known Speakers on Program.

The eighteenth annual meeting of the Illinois Historical Society will be held in Springfield, May 10 and 11, at the supreme court building. The program which has recently been issued shows a number of notable addresses. The program includes the following:

INITIAL THOUGHT IS OF ASSOCIATES

Local Carpenter Advises His Friends to Try New Medicine Tanlac

CONVINCED OF MERITS

"It's the Best Preparation I've Ever Taken," Mr. Smith Gratefully Asserts.

Hoping that many of his friends may profit by his experience, James M. Smith, well known local carpenter of 829 North Main street, made the following convincing statement regarding Tanlac, the Master Medicine, on April 21:

"I have had stomach trouble for years and my system generally has been all run down and out of shape. I couldn't eat any heavy foods without suffering such distress afterward. I was so nervous it was practically impossible for me to sleep at night. My condition finally became so serious I couldn't work only about half the time.

"After reading so much in the local papers about its good work, I decided to try Tanlac. I'm now taking my second bottle and although it's hard to believe, I feel improved in every way. I'm not so nervous now, sleep soundly at night and get up in the morning feeling fine. I eat heartily every meal and thoroughly enjoy them. I'm working every day now.

"Tanlac is, without doubt, the best medicine I've ever taken and I want my friends to try it and receive the same benefits that I have."

Tanlac, the Master Medicine, is specially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like and has proven a fine reconstructive tonic for weak, run-down men and women. Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's and in Versailles at A. G. Bates' drug store.—Adv.

ANAEMIC PEOPLE

Need More Iron in the Blood.

If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face — colorless lips, ashen finger nails, and more serious diseases are easily contracted when in this condition.

Mr. W. H. Hodges, of Kansas City, Mo., says: "I suffered from the effects of bad blood, was run-down, dizzy, had headaches, and did not feel like working. I had tried beef iron and wine without any help. After taking Vinol four days I noticed an improvement and its continued use built up my blood like magic."

The bad effects of poor, devalitized blood cannot be overestimated, and it is the best and best liver peptonizer, iron and manganese peptonizer, and erythropoietin contained in Vinol that enriches the blood, improves the circulation and in this natural manner builds up health and strength. Try it on your guarantee.

Leo P. Alcott, druggist Jacksonville. Also at the leading drug store in all Illinois towns.—Adv.

Saxol Salve

REMOVES SKIN AFFECTIONS. One package proves it. Sold and guaranteed by above Vinol druggist.

FARM NOTES

Morgan County's Good Soil.

J. E. Osborne of Murrayville is a Morgan county farmer who takes a very hopeful view of the outlook for farmers this year. While the recent rain has interfered with farm work to some extent, Mr. Osborne says that it is greatly needed as the continued dry weather the past year left the ground in a condition to take in a great deal of water to advance. As Mr. Osborne puts it, the underground reservoir of water for crops is now being stored and will be available for plant use later on in the season when the drier time comes. One great advantage of the soil in this part of the country is that about ten feet below the surface is an underlying stratum of hardpan which serves to hold the water for a considerable time to be used for growing crops. This condition is in strong contrast with the soils in some other localities where there is no hardpan except at an extreme depth. The soil in such localities is very porous, with the result that when a heavy rain comes the water goes down, down and is not held in reserve for crop growth as is true in localities where underlying soil conditions are like those in this county.

TEN GOVERNORS WILL ATTEND CONFERENCE

WASHINGTON, April 28.—Ten state governors asked by the council of national defense to send representatives to Washington next Wednesday for a national defense council will attend personally, it was announced today. Among the ten is Governor Harding of Iowa. All the states will be represented.

The chief questions to be taken up are the food situation and the organization of state defense councils to aid the naval council. The aim is co-ordinate defense work throughout the country so that national problems may be handled with a minimum of effort and the least waste of time. A survey of the nations resources will be one of the first tasks undertaken.

Cal Lawson of the northeast part of the county was a city caller yesterday.

ROOSEVELT SPEAKS FOR CONSCRIPTION

(Continued from Page 1.)

long as the war continues, over a constantly growing fighting force until the war brings victory," was the appeal delivered here tonight by Theodore Roosevelt to the people of the west in a speech in the Stockyards Pavilion under the auspices of the National Security League.

An Appeal to the West.

"I come here tonight to appeal to the people of the great West, the people who are the spiritual heirs of the men who stood behind Lincoln and Grant," declared Mr. Roosevelt. "When once waked up to actual conditions, you have always stood with unflinching courage and iron endurance for the national honor and the national interest. I appeal to the women as much as the men, for our nation has risen level to every great crisis only because in every such crisis the courage of its women flamed as high as the courage of the men."

"I appeal to you to take the lead in making good the President's message of April 2, in which he set forth the reasons why it was our unescapable duty to make war on Germany. We can make the President's message stand among the great state papers in our history; but we can make it good only if we fight with our strength now, at once; if at the earliest possible moment, we put the flag on the firing line and keep it there over a constantly growing army, until the war does by a peace which brings victory to the great cause of democracy and civilization, the great cause of justice and fair-play among the peoples of the world."

"We Americans are at war. Now let us fight. Let us make it a real war, not a dollar war. Let us show that we have the manhood to pay with our own bodies, and not merely to hire other men to pay with their bodies. Let us fight at once. Let us put the flag on the firing line at the earliest moment, and not merely announce that we are going to fight a year or two hence."

Asserting that America should immediately set about raising a great army on the principle of universal obligatory military training and service and declaring that it would require a long time to train such an army, Mr. Roosevelt declared:

Get to Firing Line Soon.

"But most emphatically, we should not rest content with this. We should not rest content with merely preparing an army to act a year or eighteen months or two years hence. Let us put the flag on the firing line at the earliest possible moment, this summer, wherever our services are most needed—in France or Flanders or the Balkan peninsula. It need only be a small army at first. But even a division would be better than nothing. Then we can constantly keep that division filled, and other divisions from time to time added to it; until a year hence, if the war continues, we have a really formidable fighting force at the front, a fighting force which will be steadily increased month by month, year by year, until the triumph comes."

"I wish to see the system of obligatory service used in order to make all men serve who ought to serve. But do not hinder men, who, under conscription, would be entitled to stay at home, from volunteering to go to the front if they can render good service. Under the bill proposed to Congress by the War Department many millions of excellent fighting men would be exempt from service, while a long time would elapse before the others are sent to the front. Under these conditions, we ought to use the volunteer system to fill the gap; it opens to us at once a great possibility; let it be used, and used exclusively, to give to those who would otherwise be exempt an opportunity to go to the front without claiming exemption."

"I most earnestly hope that we shall avoid any policy of delay. Congress has passed, without a dissenting vote, a bill to appropriate seven billions of dollars as representing part of our contribution to the great war. This is fine; but only on condition that we also put our men into the fighting line. Half of this great sum is to go to the Allies; that is to be spent by them in getting their men up against the German and Austrian and Turkish shells and bullets. Now, we Americans have always prided ourselves on being able to do our own fighting. It is right to help others to fight in the common cause for which we are engaged. But it is even more necessary that we should fight ourselves."

Must Bear Real Share of Conflict.
"It would be an evil thing, a lasting calamity to this country, if the war ended, and found us merely preparing an army in safety at home, without having sent a man to the firing line; merely having paid some billions of dollars to other people so that with the bodies of their sons and brothers they might keep us in safety."

"I ask that we send a fighting force over to the fighting line at the earliest possible moment, and I ask it in the name of our children and our children's children, so that they may hold their heads high over the memory of what this nation did in the world's great crisis. I ask it for reasons of national morality no less than our material self-interest. I ask it for the sake of our self-respect and our self-esteem. Our children will have to read the history of what we have done during this war. Let us make the chapter that yet remains to be written one that our children shall read with pride; and they will read it only with a feeling of self-abasement unless they read that in the times that tried men's souls we have shown valor and endurance and proud indifference to life when the honor of the flag and the welfare of mankind were at stake."

"At my earliest possible moment send an expeditionary force abroad, show our German foes and our Allied friends that we are in this war in deadly earnest, that we have put the flag on the firing line, and that

we shall steadily increase the force behind that flag to any limit necessary in order to bring the peace of victory in this great contest for democracy, for civilization and for the rights of free peoples.

No Soft Hitting.

"Now that we are at war, let us make it a real war, not a make-believe war, not a war of limited liability. We have walked into the ring; and now we must fight. No fight ever was won yet except by hitting. We have gone into the fight; we have determined to hit; and we must not hit soft."

"We owe our safety at this moment to the British fleet and the French and British armies. I, for one, am not content to rest under that kind of obligation; and I do not believe that my fellow countrymen are content to rest under it. I wish to see us owe our safety to our own strength and our courage and to the respect we inspire in our foe. We shall inspire no respect if we merely try to parry that foe's blows and not to return them. The only way in which we can return them is by immediately sending an expeditionary force to fight in Europe. It would be a scandal and a shame if the war ended now without part in it unlimited to having furnished dollars behind the shield of other men's bodies. We are in the war. Let us fight it thru ourselves, with our own strength and courage, to a triumphant conclusion."

"This is the appeal I make especially to the men and women of the West. I do not merely ask you to go to the front, you men of the West, or to cheer your men when they go, you women. I also ask you to see that I am given the high privilege of making my words good by my deeds and going to the front with you. I have asked leave to be allowed to raise a division to take to the front in the first expeditionary force, under the command of that force; a division which, after two or three months' preliminary training here, can be taken for intensive training to France, and then put into the trenches at the earliest possible moment that the allied generals deem it fit to render service. I ask that I be allowed to join with others who feel as I do in making good the President's message."

Would Add to Military Strength.
"I ask that I and those dearest to me and closest to me by blood shall be given the chance to prove the truth of our endeavor and be sent at the earliest possible moment under the flag to the firing line."

"I do not ask for men in the classes which would be taken under the Administration's plan for an army raised under the obligatory system. I ask for men who would not otherwise be allowed to go. The force I propose to raise would represent an absolute addition to the nation's military strength, an addition which could be used at once, which would serve to put the flag and keep

the flag on the firing line during the time that the great army was itself being raised, and while our flag would otherwise not be on the firing line. The favor I ask is the great favor of being allowed to render a service which I believe that my record entitles me to say that I am able to render."

FROM IDAHO

Clover hay from Idaho has been received here by J. H. Cain & Sons—Cain Mills. Persons interested in clover hay should phone 240.

EAST ST. LOUIS CAR MEN VOTE TO STRIKE

EAST ST. LOUIS, Ill., April 28.—More than 450 conductors and motormen on the East St. Louis and Suburban railway voted at a secret meeting last Wednesday night to strike next Tuesday if they are not granted a wage increase.

The men ask 38 cents an hour for city runs and 43 cents for interurban runs.

The company asserts it has offered the men an increase based on a sliding scale and that in some instances the plan provides for a fifteen percent advance over the present scale.

Use

FRANK'S MALT BREAD

Just Like Mother Used to Make

EVERY acre should be planted, and should be carefully and consistently cultivated in order to produce the food our people will require—

To do this, and to obtain the best results at the least cost, you must have the most modern farming implements.

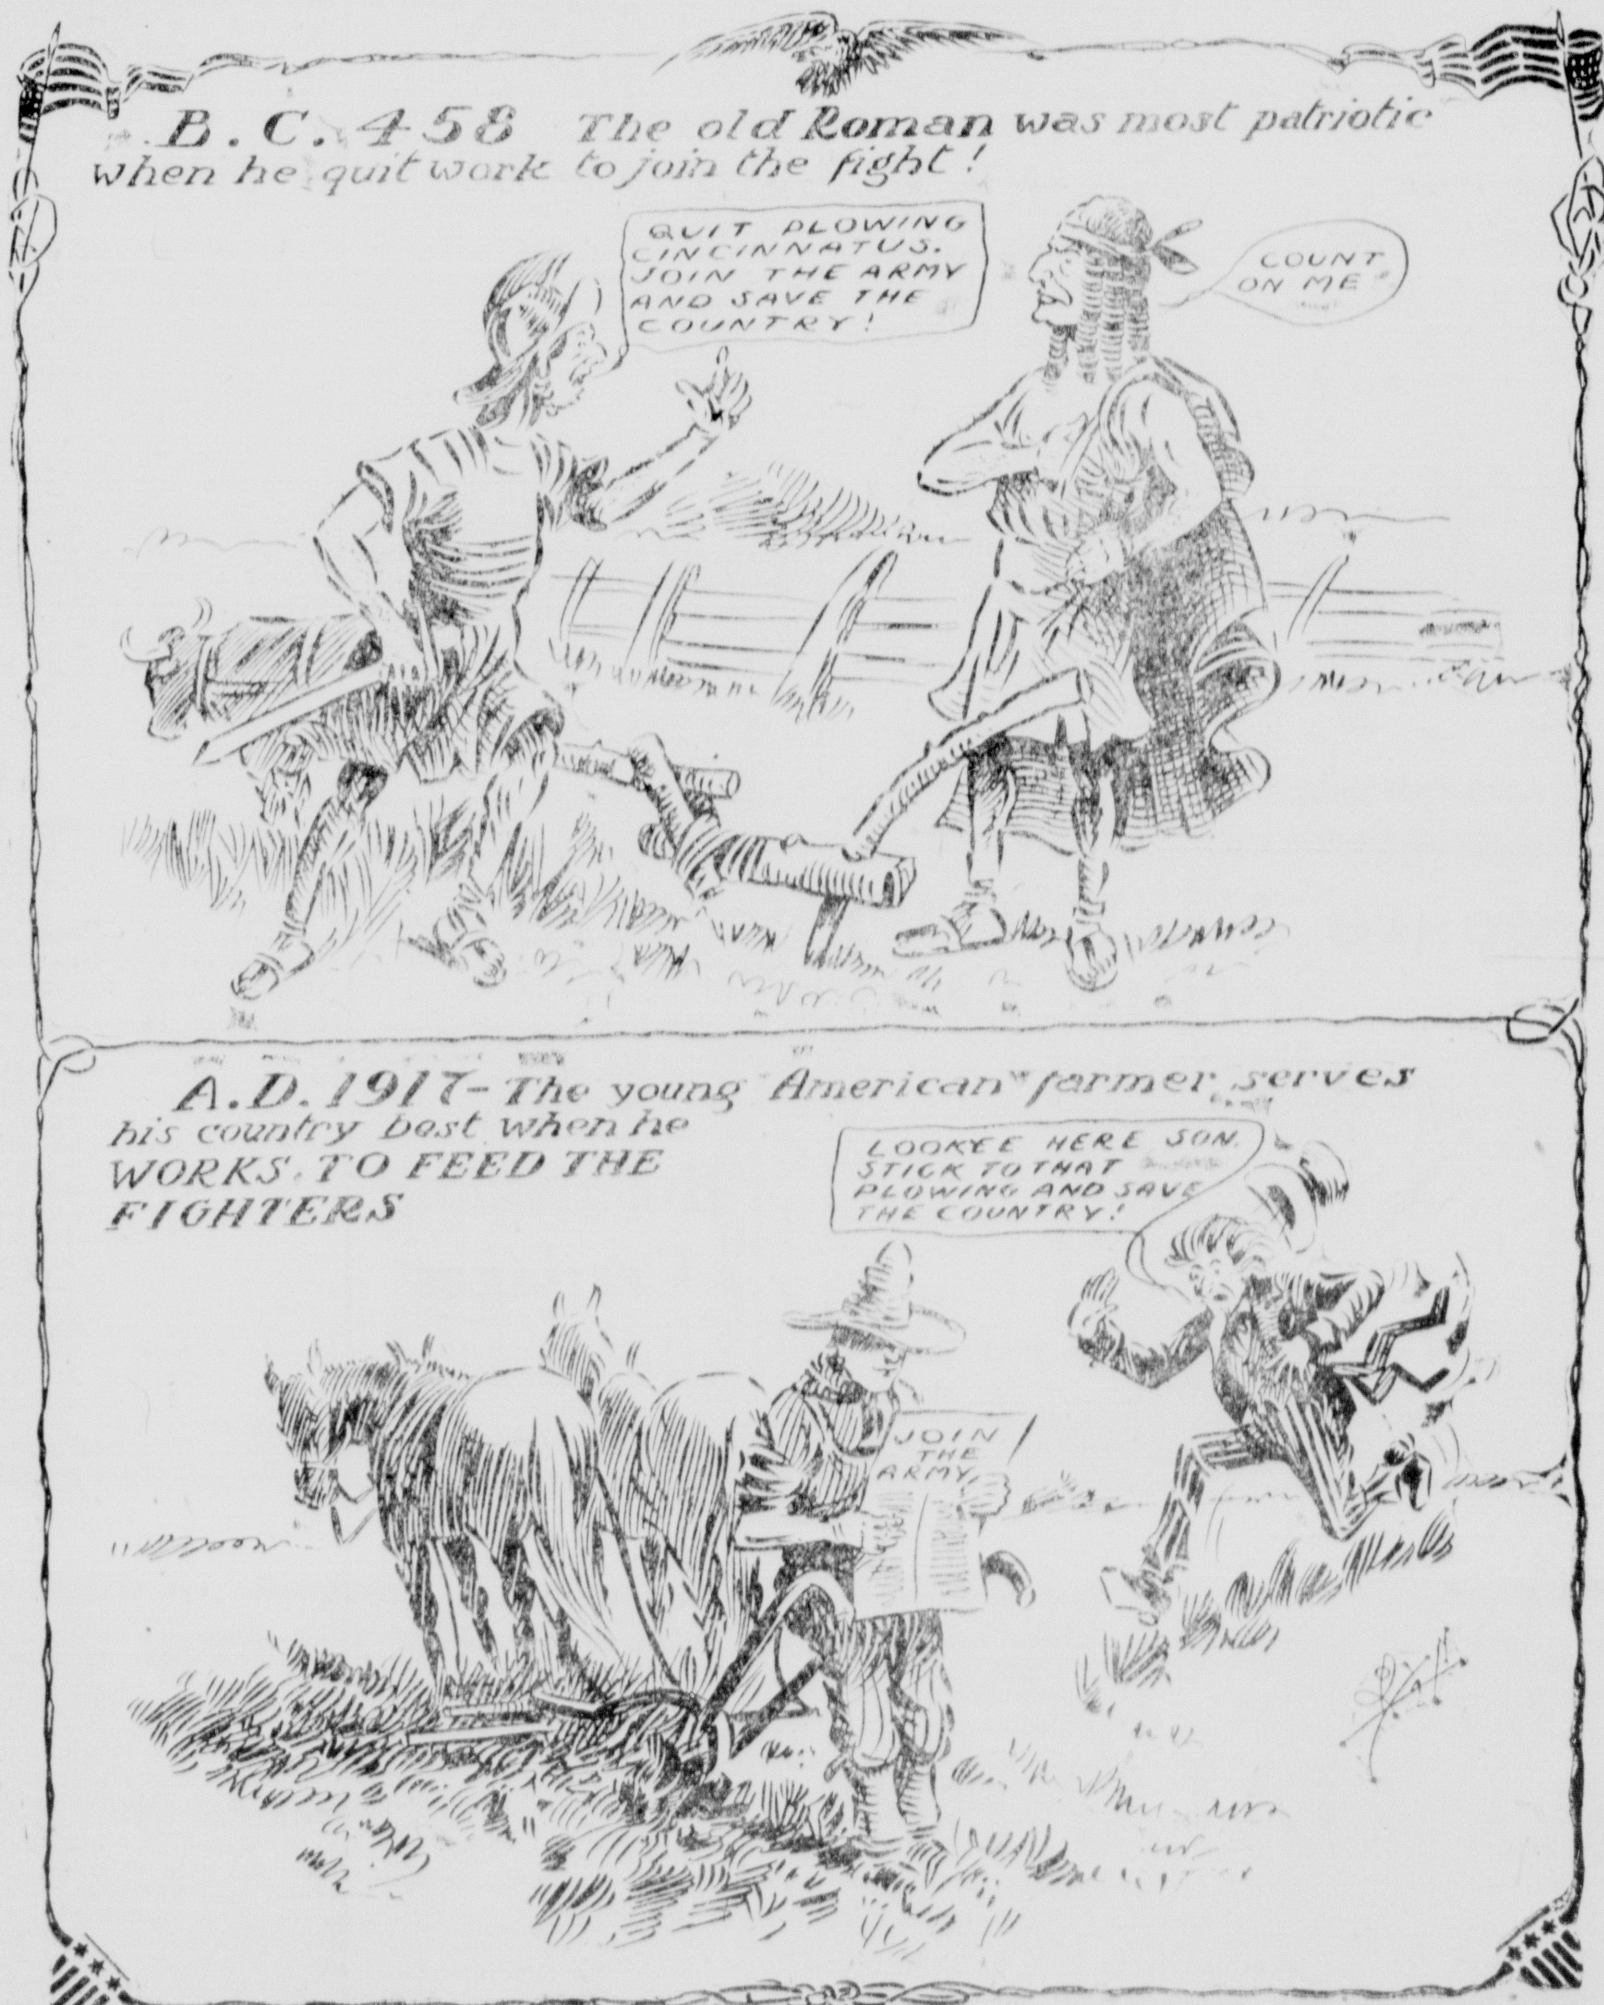

We urge you to call and let us show you our lines; let us explain each economy to be had by the use of makes that we handle.

COURTESY OF ROSENBAUM REVIEW

ILLINOIS COLLEGE NOTES

That the United States government intends in the present emergency to make heavy demands upon the Colleges and Universities of the country is evident from the communications which Illinois College, in common with other colleges, is receiving from the War Department. A few days ago the college received from the Department a request for the names and addresses of all Alumni between the ages of 20 and 45 in the Middle West states. On Friday President Rammelkamp received an urgent invitation from the National Council of Defense to attend

a national conference of College presidents in Washington, D. C. on May 5th. This conference will consider among other matters the practical question of how the government may utilize the college plants and equipment.

Very few boys in the student body of the College or Whipple Academy are not drilling. Sentiment among the students is so strong in favor of the duty to drill that one who does not "turn out" must have a very good reason. Major Vickery has already accomplished much with the company. It is hoped that provision may soon be made for some kind of simple uniform.

About a half dozen students have applied for admission into the training camp at Ft. Sheridan, and still others are preparing their applications.

President Rammelkamp will go to Decatur on Monday to attend the annual meeting of the Federation of Illinois colleges. He will make a report to the Federation as Chairman of the committee on "Relations with State Education."

Bishop Theodore N. Morrison, '70, has been appointed to represent Illinois college at the inauguration of Walter A. Jessup, as president of the University of Iowa.

Mr. Wm. A. Berryman, of the senior class has just been appointed to a good position at history and coach of debating in the High School at Viroqua, Wisconsin.

Every hall Sunday evening will be led by Mr. William McElroy, his subject being "Moral Laziness."

Attention is again called to the Dandelion Fete to be given on the campus on Wednesday afternoon, May 8, at 4 o'clock.

President Rammelkamp received a letter last week from an alumnus in Kansas offering a couple of lots in the Mound Avenue addition to any student for the purposes of cultivation.

Mrs. Minnie Foster is detained from her duties for a few days on account of a slight illness.

Taxes must be paid before May 1st to avoid penalty. One per cent after May 1st, and advertised immediately thereafter. Grant Graff, Collector.

Miss Florence Thomas of Louisville, Ill., is a guest of Mrs. Harry Cully on West College street.

CONSERVATORY NOTES

Miss Minnie Hoffman will give a violin recital on Tuesday evening, May 8, in Recital Hall, assisted by Miss Lucille Fox, mezzo-soprano. The public is cordially invited to attend.

Mr. Frank Collins, Jr. played some piano solos and accompaniments at the high school at Virginia on Friday evening, April 27.

The following persons were visitors at the Conservatory on Thursday, April 26, and attended the Orchestra Concert in the evening: Mrs. Dunne of Mt. Sterling, Miss Twombly, Miss Margaret Eagan of Chapin, Mrs. Ashbaugh of Waverly, Miss Rebecca Scheibel and Mr. Burt of Lincoln, Mr. Ernest Alford of Franklin, Mr. Bernard Allen of Chapin, and Miss Minnie Hardin of Greenview.

Mr. Kitch and Mr. Munger are spending Saturday and Sunday in Chicago where they expect to attend the performance of the Maher Eighth Symphony at the Auditorium.

The annual Concert of the Conservatory Orchestra which took place Thursday evening last at State Street Church, was very largely attended and most successful artistically and financially. Mrs. Genevieve Clark Wilger acted as soloist, a nd both singer and orchestra were the recipients of enthusiastic applause. The orchestra was, as on previous occasions, under the direction of Mr. William E. Kritch.

The music for the Dandelion Fete to be given on the campus Tuesday afternoon, May 8 will be furnished by an orchestra composed of students of the Conservatory. The various pieces of dance music have been arranged by Miss Carrie Dunlap.

The annual open meeting of the Phi Omega Society will be held May 7 having been postponed from April 30.

WOMAN'S COLLEGE NOTES

Miss Naomi Newburn has been giving a number of lectures in the Home Economics Department to the members of the Domestic Science Round Table of the city. The lectures by Miss Newburn were of especial interest and were greatly enjoyed by quite a large attendance of the various Club members.

Following out our President Wilson's suggestion, the College has had all of its unused ground plowed and planted in potatoes and other vegetables.

The Phi Nu and Lambda Mu Literary Societies went on picnics Monday, April 23rd. The weather was ideal for these affairs and a most delightful time was enjoyed.

Monday, April 23rd, in the afternoon the College Juniors will entertain for the College Freshmen in the Social Room. A number of unique and clever ideas in entertainment will be enjoyed.

The annual May Day Fete is planned for Monday the 14th day of May. It is the idea in carrying this out to have the exercises begin so that those who work in the offices and stores may also have the privilege of attending the function. Popular prices will prevail and a record breaking attendance is expected.

Mr. E. C. Carpenter has presented the library with a number of valuable books. Miss Alma Hollinger has also made a gift to the library of a rare book on birds. It describes principally the birds of Michigan.

President Harker has returned from a meeting of the Board of Bishops of the Methodist Episcopal Church held at Grand Rapids, Mich.

Miss Florence McCloud, who finishes the normal course in Household Science in June, has been appointed to a high school position at Williamsport, Ind.

NOTICE!
Owing to unavoidable delays the special cleanup work in the city will not begin until May 1.

J. EDGAR MARTIN,
Commissioner Public Health and Safety.

Misses Grace Hill and May Douglas were city arrivals from Franklin yesterday.

WILLARD W. C. T. U. NOTES

Beautiful America

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties,
Above the fruited plain!

America! America!
God shed his grace on thee—
And crown thy good with brotherhood
From sea to shining sea!

O beautiful for pilgrim feet,
Whose stern impassioned stress,
A throbfore for freedom beat
Across the wilderness!

America! America!
God mend thine every flaw,
Confirm thy soul in self-control
Thy liberty in law.

O beautiful for glorious tale,
Of liberating strife;
When valiantly, for man's avail,
Men lavished precious life!

America! America!
May God thy gold refine,
Till all success be nobleness,
And every gain divine!

O beautiful for patriot's dream
That sees beyond the years,
Thine alabaster cities gleam
Undimmed by human tears!

America! America!
God shed his grace on thee,
And crown thy good with brotherhood
From sea to shining sea!

—Katherine Lee Bates.

Every white ribboner a prohibitionist. We love our country when we fight her foes. A new call to the colors has been sounded. The hour has struck for a united drive against our nation's most insidious and vicious foe, the liquor traffic.

—Union Signal.

The next business session of the Willard Union will be held at the home of the president, Mrs. Julia T. Agnew, 311 W. College Ave., Wednesday, May 2, 2:30 p. m.

Echoes from the W. C. T. U. County Institute at Murrayville, April, 1917, have been a red letter month. By the elections held upon the 3rd and 17th, respectively, in Illinois, four hundred saloons were closed. Four county seats went dry. 10 towns went dry, and only four little towns went wet. 74 counties out of the 102 which comprise our state are dry. May the remaining 28 soon follow.

If you educate a boy, you train a man. Educate a woman and you train a family.

If it is bad to drink alcohol, it is bad for newspapers to advertise the sale of liquor. So the press is "catching step."

"Now is the strategic time to work with redoubled energy for the immediate enactment of prohibition as a war measure. The boys of the army and navy must be safeguarded from saloons and dens of vice near training camps and mobilization centers, and the material resources of the nation must be carefully conserved. Already there is being drafted by congressmen as a war measure a bill to create a dry zone around all military posts and training camps. At this time of the nation's need the National W. C. T. U. is a 'live wire' in Washington, D. C."

Twenty six states now dry, and eight more are soon to vote on state wide prohibition. Alaska and the District of Columbia are dry. John Barleycorn is dying.

All hail the glad day when President Wilson and Congress shall respond to the compelling call for nation-wide prohibition, when the 1,332 breweries and 605 distilleries which now blot our fair land shall be forever closed; when our God-given grain shall be used as a blessing in the shape of life-giving food, instead of being changed into the curse of soul-destroying drink; when the weak shall be no longer tempted to stray; when wives and mothers shall be made happy and little children know the joys of childhood! God speed the day!

"If I had my way, every whiskey bottle and deck of cards would be in hell before midnight, and it's nine o'clock now."

—Billy Sunday.

BIDS FOR COAL
The Board of Education hereby asks bids for furnishing the coal needed by the city schools for the year ending April 1, 1918. Bids will be received until 12 o'clock noon, May 5, 1917, and are asked on 1 1/2 inch screened lump and 3x6 egg coal. The usual contract conditions will prevail. Coal is to be weighed on city scales, and the board reserves the right of rejecting any or all bids.

MARY E. PIERSON, Secy.

IN MEMORY OF
REUBEN R. SMITH
He has crossed the peaceful river,
He has won the golden crown;
He is happy in his glory.
He is beckoning his loved ones to follow.

In the narrow path to go,
There will be no more sorrow
All's rejoicing there, we know.

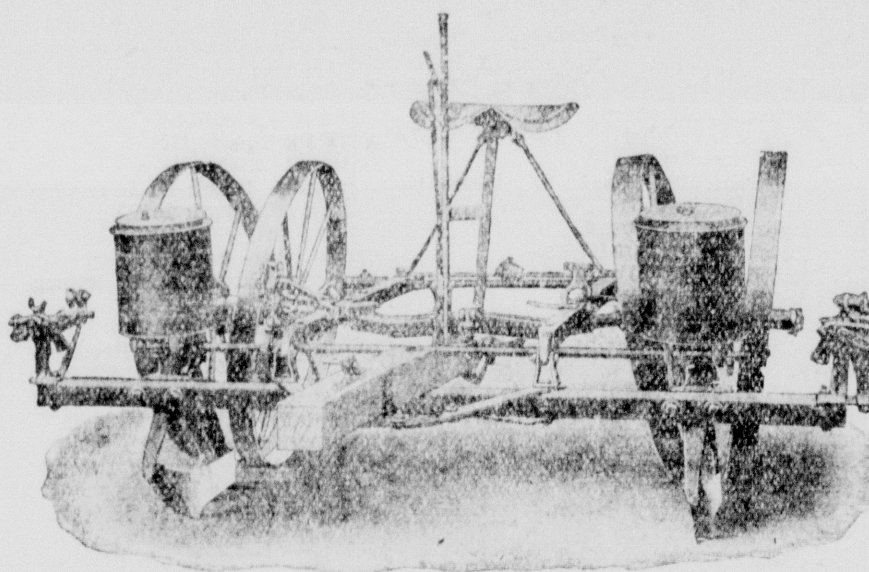

EARLY CLOSING ORDER
Manager Joseph L. Pine of the local Western Union office has received word that beginning May 1, the office here will close at 9 p. m. instead of 11 p. m. Edward Nicholson who has been night operator will probably be transferred to Chicago.

While telegrams can be sent from the railroad stations during the night, it seems that Jacksonville is large enough to justify keeping the downtown office open later than 9 o'clock, and it is probable that local business men will make an effort to have the Western Union office keep their office open until at least midnight.

Chas. T. Mackness, Pres. M. R. Range, V. Pres and Sec. Theo. C. Hagel, Treasurer

We Wish to Impress Upon You--

The fact that the Blue Star Four Wheel Planter has never been equalled by any planter manufactured, and to be positive that you will have a perfect stand you should investigate the merits of this wonderful tool.

Of all the many planters made none have yet brought out as simple, positive and perfect a tool.

On the four wheel the runners are set back between the wheels, which insures dropping the corn within seven inches of the covering point. This arrangement insures that every kernel of

corn is planted at exactly the same depth. It is impossible for the seed to scatter which means a hill so planted that it is easy to keep down the weeds.

Light Draft - Simple Sure - Positive

Look at the cut showing all the working parts. Do you think anyone can do without this fine tool?

Use Newbro's Herpicide IN TIME AND YOU WILL NEVER NEED FALSE HAIR

Wearing false hair is a harmless deceit of which many ladies are guilty. These women are all objects for sympathy rather than criticism. Early neglect in the care of the scalp has caused the loss of so much hair that their personal appearance is sadly marred. To correct this defect they resort to artificial hair hoping by so doing to hide the results of their earlier inattention to the details of their toilet. These unfortunate are deceiving no one but themselves as no artificial hair no matter how costly, ever has the snap and luster nor can it be made to look as pretty and attractive as natural hair.

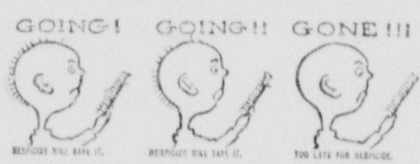

Most ladies would resent any imputation of personal carelessness and neglect. And yet very many permit their natural hair to become so dull, brittle and lusterless that it looks no better than that bought at the store.

All this is as unfortunate as it is unnecessary. Hair that is unsightly or thin may usually be attributed to the destroying effects of Dandruff. This destructive formation shortly robs the hair of life, with the result that it finally loosens and drops out.

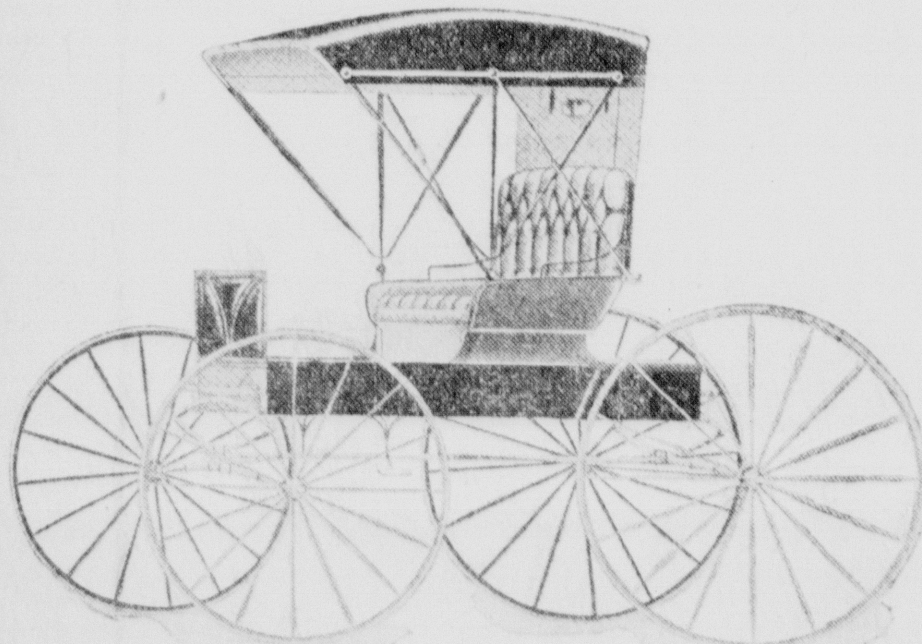

There is a preparation, sold and guaranteed by all dealers, the intelligent use of which will kill the dandruff germ. It cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty. That remedy is Newbro's Herpicide, the Original Germ-Remedy for Dandruff. In no way can you add more to your personal charm and attractiveness than by the use of this remarkable and well known scalp prophylactic.

On account of its astonishing merit and its delightful and exquisite odor, Herpicide finds users everywhere among all classes. It may be purchased in 50 cent and \$1.00 sizes at all drug stores and toilet goods counters. Applications may be obtained at the better barber shops and hair dressing parlors.

Upon receipt of 10 cents in postage or silver to cover cost of packing and mailing, The Herpicide Co., Dept. S, Detroit, Mich., will send to any address a nice sample bottle of Herpicide and an interesting booklet on the care of the hair.

Mrs. J. W. Rawlings of the east part of the county was a city shopper yesterday.

MANCHESTER FLAG DAY EXERCISES POSTPONED

Unfavorable Weather—Lewis to Change in Plans—Robert Chapman Taken Suddenly Ill—Preliminary Literary Contest Held Friday Evening—Manchester News Items.
Manchester, Illinois, April 28.—Robert Chapman, living south of town and well known to Manchester people was taken suddenly ill Tuesday morning. Mr. Chapman was accompanied by his brothers, C. D. Chapman and Clyde Chapman, who on their return home report his condition as being quite favorable.

Charles L. Leitze is quite ill at his home from an attack of bronchitis. Mr. Leitze holds a position in the public schools as teacher of the grammar room and has not been able to fill his place since Wednesday.

Owing to unfavorable weather conditions, the flag day exercises which had been planned by school pupils to be given last Friday, have been postponed until the coming week.

The literary preliminary contest was held Friday evening at the Methodist church. The judges of the vocal solo contest decided in favor of Ada Cummings and the judges of the declamation contest decided Helen Greenwalt winner. These pupils will represent the Manchester school in the tri-meet at Murrayville next Friday.

Florence Lemon spent Thursday in Jacksonville.

Mrs. J. H. Spencer of Murrayville visited at the home of her sister, Mrs. Cornick Andras and family on Wednesday.

Mrs. William Clark and daughter Miss Ethel spent Tuesday in Jacksonville.

Mrs. F. L. Dowdy and son, William Lee are visiting with relatives in White Hall.

Carrie Curtis of Jacksonville spent Friday with her mother, Mrs. Ella Curtis and other relatives.

G. D. Barnes was a Jacksonville visitor Friday.

E. O. Hess has returned from Urica, where he was called by the death of his mother, Mrs. Eliza Hess.
